Gale Piles Huge Drifts In New England; 13 Dead

By The Associated Press
A sneak Northeast storm whipped by gale force winds deposited up to 18 inches of snow and caused at least 13 deaths in New England Sunday.

Temperatures dropped into the teens over much of the area after the storm passed. Many highways, cleared of all but an inch or two of packed

snow, became covered by sheets of ice.
The wind, clocked at 92 miles per hour at Truro on Cape Cod, lashed coastal communities, built up huge drifts and created blizzard-like conditions.

Citadel Burns At Ishpeming

ISHPEMING (AP) — A spectacular fire, blanketing downtown Ishpeming with smoke and attracting an estimated 2,000 spectators, destroyed the Salvation Army's old Citadel Sunday.

No one was in the building at the time and there were no casualties.

A score of firemen fought the blaze for four hours. Witnesses said flames leaped hundreds of feet in the air while sweeping the one-story, church-type wood building.

Firemen said an explosion in one of two space heaters apparently caused the fire.

Religious services had been held in the Citadel Sunday morning. Other services were scheduled for Sunday night.

An absence of wind aided firemen in keeping the flames from spreading to nearby buildings, including Ishpeming High School.

The salvation army had intended to tear down the old building this spring and build a new Citadel. A campaign for construction funds has been in progress.

Weather

By The Associated Press

Upper Peninsula — Considerable cloudiness through Tuesday. Some scattered light snow mostly near Lake Superior this afternoon and evening. Snow flurries likely Tuesday. Low to night 17 to 23, high Tuesday 23 to 35.

Lower Michigan — Considerable cloudiness through Tuesday with scattered snow flurries north and chance of some rain or snow extreme south Tuesday afternoon or night. A little warmer this afternoon. Not as cold tonight, low 18 to 25. High Tuesday in the 30s north and 34 to 40 south.

Highest temperature Sunday, 31, lowest, 21.

Highest temperature one year ago today, 38, lowest, 21.

Highest temperature this date since 1872, 59 in 1911, lowest, -7 in 1958.

The sun sets today at 6:17 p. m. and rises Tuesday at 7:46 a. m.

Traffic Stopped

In Maine, four women drowned when their car slid off U.S. 1 and landed upside down in a Passamaquoddy Bay cove at Robbinston.

At least nine other persons — six in Massachusetts and three in Connecticut — died of heart attacks while shoveling snow or from storm-caused exhaustion.

Eighteen inches of snow fell in the Plymouth, N.H., area. Lebanon, N.H., had 14; Worcester and Bedford, Mass., 12; Brunswick, Maine, 11; Boston, 10; Hartford, Conn., 8 and Montpelier, Vt., 6.

The storm closed airports, all but immobilized highway travel and caused power failures in dozens of communities.

During the full fury of the storm, visibility was almost zero on most highways in Massachusetts, Maine, New Hampshire and Vermont.

The storm moved out to sea south of Nova Scotia Sunday night.

Down Near Zero
Fresh snow also covered all of upstate New York, ranging up to 15 inches in the eastern Catskill Mountains. Drifting was reported in some areas, chiefly along Lake Erie.

Generally fair and dry weather prevailed in the major part of the nation. More rain fell along

Anglers Saved; 1 Dead On Ice

DETROIT (AP)—An ice fisherman drowned in Lake St. Clair and Air Force helicopters rescued seven others trapped with the victim in a perilous breakup of lake ice early Sunday.

The body of the drowned fisherman, William R. Rzeszotarski, 45, of Detroit factory machinist, was found lashed with rope to the ice when a Canadian police boat recovered it in daylight.

Survivors, picked up by helicopters from Selfridge Air Force Base, said they tied Rzeszotarski's body to the ice to assure its recovery.

We put a stick in the ice back away from the water and tied the rope to it," said George Clay, 56, one of three Windsor, Ont., men in the rescued group.

The Canadians had failed in an earlier effort to save Rzeszotarski's life when the latter fell into open water in the darkness.

The helicopters plucked Clay and the six others from an ice floe about midnight in a joint rescue maneuver by the U.S. Coast Guard and Air Force after a request for help from Canadian authorities.

Secretary Hare Will Run Again

LANSING (AP) — Michigan's top vote-getter, Sec. of State James Hare, will run for re-election despite his Dec. 18 heart attack, his office confirmed today.

Hare, a Democrat in his fifth term, returned to work last month and has been keeping a regular work schedule since then. He said he had his doctor's assurance he could campaign this summer.

Hoffa Defense Calls FBI Men

CHATTANOOGA, Tenn. (AP) — The defense begins telling its side today in the jury-tampering trial of James Hoffa, and at the head of its witness list are government agents and attorneys.

Hoffa, president of the International Brotherhood of Teamsters—the nation's biggest labor union — and five codefendants are charged with trying to fix the jury that tried him on conspiracy charges at Nashville in 1962. That trial ended with the jury hung.

Hoffa said Sunday that two Nashville-based FBI agents, Ed Steele and William Sheels, will be called as the first witnesses for the defense. The two agents participated in the FBI's investigation of the alleged jury-tampering.

Meanwhile, U.S. Dist. Judge Frank Wilson, at the request of the prosecution, directed a verdict of acquittal Saturday on one count of the four-count indictment. He overruled a defense motion for a verdict of acquittal on all counts.

Toll Cut Is Goal For Refinancing Straits Bridge

LANSING (AP)—Gov. George W. Romney meets again this week with bonding experts and Mackinac Bridge officials to consider refinancing the span.

One of several alternative proposals voiced at a meeting of the same authorities was to refund the existing \$100 million in revenue bonds and refinance the bridge through general obligation bonds.

These bonds would carry the "full faith and credit" of the state, resulting in a drop in interest from 4 1/4 to 3 per cent — a savings of \$1.2 million a year.

Such an issue of 30-year bonds could mean a reduction of the roundtrip toll on the bridge from \$7.50 to \$5.50. High bridge tolls have been criticized as a deterrent to the economies of Upper Michigan and northern Lower Michigan.

Sen. Kent Lundgren, R-Me., nominee, predicted that tolls will be reduced this year.

Bulgarian Chief Visits Kremlin

MOSCOW (AP) — Premier Khrushchev went to the railway station today to welcome Bulgaria's premier and Communist party chief, Todor Zhivkov, for an official visit.

Zhivkov is the last of the leaders of the East European camp to come to Moscow for meetings with the Kremlin's chiefs.

Saigon Bombing Kills 3, Wounds 51 Americans

Auto Workers Start Framing 1964 Demands

DETROIT (AP) — The United Auto Workers Union began taking the first crucial steps today toward its 1964 new contract negotiations which will affect a half million factory workers.

Representatives of the union's General Motors locals convened a special meeting in Washington to talk of noneconomic matters.

This came on the heels of a rank and file demand for bigger and more liberal pensions which may weigh heavily in the balance when Walter P. Reuther's union decides on its formal demands on the auto industry.

Demands to be laid before General Motors, Ford and Chrysler this summer will be decided upon at the UAW's national convention in Atlantic City, N.J., in March.

Early Pension Favored
"Sub-councils" of the UAW's General Motors locals across the country, speaking for 350,000 GM employees, were called to the Washington session.

According to the union, their task was to bring up only noneconomic proposals, presumably work rates and other plant matters.

A "25-30-60 Now" pension proposal came out of the Detroit meeting, an independently called session of earlier retirement advocates in the UAW.

Representatives of influential UAW locals, including Ford Local 600 and Buick Local 599 of Flint, attended the meeting. The group urged approval by the international union.

The auto industry's present pension system calls for retirement at age 65, or at age 60 at reduced pension.

The "25-30-60 Now" plan would provide earlier retirement and higher pensions.

It would allow a worker with 25 years' service to retire at half of base pay and one with 30 years' service to retire at two-thirds pay.

At age 60, a worker would be able to retire at double the present automotive pension benefit of \$2.80 a month for each year of service.

UAW President Reuther has not committed the union to particular goals. He has indicated, however, that the union will demand more benefits in view of the auto companies' profit records.

Detroit Shot In Home, Waving Gun At Police

DETROIT (AP) — Police shot and killed a 45-year-old Detroit man at his home Sunday night after the man appeared at his front door brandishing a shotgun.

Police said they went to the home of James Williams from the home of Mrs. Minnie Carter, Williams' cousin, where they were checking Mrs. Carter's complaint that Williams had threatened her earlier in the evening.

Williams' shotgun was not loaded, police officials said. Four officers fired 10 shots at Williams, they said.

Car-Train Crash Kills 4 Teeners In Elgin, Okla.

ELGIN, Oklahoma (AP) — Four Oklahoma teen-agers were killed Sunday in a car-train crash in the downtown section of this southern Oklahoma community.

The victims were Robert William Huitt, 17, and Willie Lee Jay Jr., 17, both of Sterling; and Myrto Schroeder, 16, and Marie Nance, 16, both of Elgin.

Trial Of Ruby Opens In Dallas

DALLAS (AP) — Jack Ruby goes to trial in Dallas today, accused of murder with malice in a strange case overshadowed by the unanswered questions in the assassination of President John F. Kennedy.

An unprecedented panel of 900 jury candidates — nearly double the normal number — has been called in order to qualify 12 as unprejudiced.

Ruby, 52, a pale, pudgy night club operator, gunned down Lee Harvey Oswald, a self-styled Marxist, two days after the President was killed in Dallas and Oswald was charged with murdering him.

The trial is starting in a courtroom directly across the street from the building where the assassin lurked and then fired at Kennedy.

Defense lawyers indicate that they will try to go into the circumstances of the President's murder, as an integral part of the case for Ruby.

But Henry M. Wade, Dallas County district attorney, says Oswald's guilt or innocence is immaterial in Ruby's trial.

The key phrase in the indictment of Ruby charges he "did then and there with malice aforethought kill Lee Harvey Oswald by shooting him with a gun."

This is equivalent to a charge of murder in the first degree in other states. It carries a maximum penalty of execution in the electric chair. The minimum is two years in prison.

Hannah To Stay Out Of Politics, Stick To MSU

WASHINGTON (AP) — "I think I'd better stay with the university business that I understand," rather than running for U.S. senator, Michigan State President John A. Hannah said Saturday.

Sen. Kenneth Keating, R-N.Y., during taping of his weekly radio and television show, asked Hannah whether he would agree to urging by former President Dwight D. Eisenhower to run for the Senate as a Republican.

"I think not," said Dr. Hannah, who also is chairman of the U.S. Civil Rights Commission.

The MSU president said he opposed school boycotts by northern Negroes.

Demonstrations play a useful role in bringing "visibility" to the problem of segregation, he said, but nothing thereafter can be gained by taking children out of school.

Bills Piled Up For Legislators Back In Lansing

LANSING (AP) — A torrent of new legislation, including Gov. George W. Romney's spending bills, was expected to greet lawmakers tonight on their return from a three-day weekend off.

Romney's spending specifics, 14 bills, were ready for introduction last week but were held up to allow capital outlay proposals to catch up. Under the new constitution they must all enter at once.

The measures will go to the top of the agenda in committees handling appropriations, for under a constitutional technicality the administration budget measures must be the first to be disposed of.

Also, the deadline for filing the new bills falls on Wednesday. Scores of bills have been ready for days, but have been circulating within the chambers, picking up sponsorship signatures.

The introduction rate picked up last week when 123 new bills — the highest number so far this session — dropped in, bringing the grand total of 1964 bills thus far to 775.

House Republicans and Democrats plan separate caucuses Tuesday on whether to try to

change the constitution's election provisions.

Many lawmakers would like to "freeze" existing legislative districts by amending the new document.

The filing Friday of the main Democratic reapportionment plan and a Republican counterproposal with the State Supreme Court brought home the likelihood that many a lawmaker will be distracted out of a job.

No matter which plan is adopted by the court next month, incumbents seeking re-election in many cases will have to oppose other incumbents in a fight to see who will return to the legislature.

Particularly hard-hit by the new constitution's election provisions are those House members from Wayne County who are near neighbors. The new document requires single-member districts, which would pit these incumbents against each other.

Another constitutional requirement—that persons employed by other governmental subdivisions may not be legislators—will cause some representatives to have to choose between their two jobs unless the constitution is changed this year.

Tax Slash Bill May Be Finished By Wednesday

WASHINGTON (AP) — Senate-House conferees resume work today on the tax bill with the possibility that a compromise measure may be worked out by Wednesday.

This could mean the measure would be ready for President Johnson's signature by next week, opening the way for higher paychecks for the average taxpayer by mid-March.

The conferees are trying to iron out differences between the \$11.2 billion tax cut passed by the House and the \$11.9 billion reduction approved in the Senate.

Although the pace in committees is expected to pick up, Congress generally planned another light week.

The controversial civil rights bill—cornerstone with the tax cut of the Johnson administration's legislative program—was expected to arrive at the Senate's door today. The 11-part omnibus measure received 290-130 approval from the House last week.

A House banking subcommittee starts hearings today on President Johnson's housing bill. Robert C. Weaver, head of the Housing and Home Finance Agency, was called as the first witness. A Senate subcommittee begins work on it Wednesday.

A House Labor subcommittee scheduled the start of hearings on another Johnson program—a plan to institute double time for overtime in certain industries,

a penalty designed to encourage employment of more workers rather than the use of overtime labor.

Secretary of Labor Willard Wirtz was the leadoff witness to this measure.

Baseball and football magazines will be on hand today and Tuesday before a Senate Anti-trust subcommittee which is considering a professional sports antitrust bill.

The Senate Rules Committee continues behind closed doors its probe into the doings of Bobby Baker, former secretary of the Senate majority.

On the House floor, the most important bill this week will be the \$16.9 billion military procurement authorization bill coming up Thursday.

The Senate has nothing important scheduled for the floor and may be in recess several days this week.

Cypriot Feud Taken To UN

UNITED NATIONS, N. Y. (AP)—The Cyprus dispute goes before the U.N. Security Council today as Britain and the United States seek to head off military intervention by Turkey and Greece.

The council debate, requested by Britain and Cyprus, was expected to launch negotiations for an international force linked to the U.N. Its purpose would be to prevent another general outbreak of fighting between the Greek and Turkish Cypriot communities.

The United States and Britain fear that another serious outbreak would prompt Turkey and Greece to send in troops to back up their Cypriot kin. The result could be a war between Turkey and Greece, Eastern anchors of the North Atlantic Treaty Organization.

Archbishop Makarios, Greek Cypriot president of Cyprus, broadcast an appeal to Turkish and Greek Cypriots for restraint. But Makarios warned that his government—meaning the Greek Cypriots—would "not give in to threats, pressure or blackmail."

Today's Chuckle

Any time you feel you would like to be young again, just think of algebra.

Ricksha Driver Is Suspect In Theater Blast

SAIGON, South Viet Nam (AP)—South Vietnamese police held a wounded ricksha driver today as a prime suspect in the bombing of a U.S. movie theater.

Three Americans were killed and 51 Americans — including women and children — were wounded Sunday in the latest anti-American violence in Saigon. Nine Vietnamese also were injured.

One of the dead was a military policeman who was shot while standing guard outside the theater. Another was a Marine Corps captain who was crushed under falling debris as he ran inside to warn the theater's 500 patrons.

The body of the third American was so badly mangled identification was delayed.

Done By Skilled Team
The U. S. command in South Viet Nam ordered security measures tightened to protect American personnel in the capital from terrorism by the Communist Viet Cong. On Feb. 9, two bombs exploded under the bleachers of a softball field near Saigon Airport, killing two U.S. enlisted men and injuring 23 other Americans.

Although police declined to discuss the ricksha driver's suspected role in the bombing, the shooting and blast apparently were the work of a highly skilled terrorist team.

Witnesses saw at least two terrorists. They said one shot the military policeman at close range. Another hurried into the theater with a canvas satchel. A third man — or woman — may have been involved.

A U.S. military spokesman said the lone Vietnamese civil policeman on duty outside the theater was seen pedaling away on a bicycle shortly before the attack.

The MP was killed by a single bullet through the neck. At least three shots were heard, however, indicating the soldier may have got off some shots.

Terrorists Move In
The audience, which included U.S. servicemen, civilian officials and American dependents, was watching "The List of Adrian Messenger." Army Maj. William Koch, a patron, said most of the audience ducked under seats or rushed to the front when the Marine captain and an usher shouted warnings.

Seven Americans remained hospitalized — six servicemen and a female military employee. Five American children were treated and released. None was seriously injured.

The nine Vietnamese who were injured were outside the building.

U.S. Charge d'Affaires David G. Nes scheduled a meeting with Premier Nguyen Khanh to discuss new security measures for the nearly 10,000 Americans in Saigon.

Since the beginning of the year, Communist guerrillas have begun a campaign of terror specifically against Americans, including civilians. Vietnamese intelligence agents recently reported that Communist terrorists have moved into Saigon for that purpose.

U.S. military police swarmed the streets of Saigon after a tip that a bombing attempt might be made against the hospital where some of the injured from the theater blast were taken. No explosion occurred.

On Feb. 1, a terrorist bomb left in a Saigon bar killed a U.S. serviceman and a Vietnamese and injured four other Americans. Three days later a Viet Cong assassination squad broke into a U.S. military compound in Kontum, 260 miles north of Saigon, wounding one American officer.

Brandt Top Man

BAD GODESBERG, Germany (AP)—West Berlin Mayor Willy Brandt, guiding force of West Germany's opposition Socialists, took over official leadership Sunday after the party elected him chairman.

A special party convention named Brandt, 50, without opposition to succeed Erich Ollenhauer, who died in December.

BEING BORN ON FEB. 29 cheated them out of 75 birthday anniversary celebrations, but these Louisville, Ky., women get even this year by betting quadrillion-to-one odds that they would not reach 100. Born in a Leap Year, Mrs. George Seibert (left) and Mrs. Bernard Phisterer overcame odds figured by a college professor who used standard mortality tables. (AP Wirephoto)

Seventy Drivers In 7th Icekhana

Seventy drivers from the Copper Country, Newberry, Sault Ste. Marie, Manistique, Marquette, K. I. Sawyer Air Force Base, Menominee, Escanaba and Gladstone participated in the 7th annual Icekhana of Ye Auld Airport Sports Car Club on Sunday at the Gladstone ball diamond near the Yacht Club.

Events started at 1 p. m., and a smorgasbord served to the group at 309 Delta Ave., Gladstone, where the sports car group had set up headquarters, completed the program.

Winners in order in the events arranged by Chairman Jack Shiner, are:

Large sport cars, men: John Gustafson, Gladstone; Mel Oslund, Escanaba; Jack Shiner, Gladstone.

Large sport cars, women: Janet Gustafson, Gladstone; June Nelson and Mabel Oslund, Escanaba.

Small sport cars, men: Delman Humphrey, Curtis; George Matt and Don Hendrickson, Gladstone.

Small sport cars, women: Betty Manske, Escanaba; Ellen Look and Betty Hendrickson, Gladstone.

Kansas Marshal Disappears With Town Equipment

BAZINE, Kan. (AP) — Bazine's marshal and all of the town's police equipment have disappeared.

Sheriff Harold Meilis said a grand larceny warrant has been issued against Bud Allen, about 45 to 50, who had been marshal since October. Allen and his family left town unexpectedly last week.

The missing equipment includes a red light and siren, revolver and holster, handcuffs and a blackjack.

Worry of FALSE TEETH Slipping or Irritating?

Don't be embarrassed by loose false teeth slipping, dropping or wobbling when you eat, talk or laugh. Just sprinkle a little FASTEETH on your plates. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Get FASTEETH at any drug counter.

A PURE MEDICINE!

O-JIB-WA BITTERS contains no harmful drugs, dopes, salts or alcohol. Successful for 49 years. Has helped over a million people in Michigan alone.

So if you have been a consistent loser in your business, health, and are disappointed, discouraged and d after trying various medicines, treatments and pain killing, jgs without good results, try famous O-JIB-WA BITTERS. The powerful but safe medicine made entirely from God's herbs.

Firm Resumes Chubs Smoking U.P. Writers Sponsor Seminar

GRAND HAVEN (AP) — Anderson Fisheries of Ferrysburg today started smoking 500 pounds of Lake Michigan chubs, delivered here Saturday, as the first fresh catch of chubs since a fish smoking shutdown last October.

Don Ulrich, operator of the fisheries, said the catch was brought in by Hallard Grover of Montague.

Some Great Lakes commercial fishermen had remained active in pursuit of perch but the market for chubs—which comprise a major portion of the Lake Michigan haul—disappeared after a botulism outbreak.

Grover was among the legion of commercial fishermen who forsook their trade for other employment until new state-set guidelines for processing smoked chubs led last week to resumption of work by major smokers.

H.J. Dornbos Fisheries of Grand Haven is the largest. It returned last week to a limited output. Both Dornbos and Anderson reported area sales going well and expected to increase their output soon.

Henning Brand discovered phosphorus by mistake in 1669. He was heating distilled urine, hoping the residue would turn out to be a catalyst that would turn lead into gold. Instead the experiment produced a substance that glowed in the dark — pure phosphorus.

U.P. Writers Sponsor Seminar

Upper Peninsula Writers in their first mid-winter conference Saturday looked to the future and by resolution requested the cooperation of Northern Michigan University as a meeting place in Marquette for a summer seminar to be held in late July or early August.

The winter conference of the writers was held at Stambaugh with several Escanaba persons assisting in the conference program.

Arne Arntzen, Escanaba, vice president of the U. P. Writers, said that a resolution was adopted, directed to Dr. Eugene Harden, Northern Michigan University president, asking the cooperation of NMU in having future sessions at Marquette.

The U. P. Writers association was formed last September and has attracted the support of a number of aspiring writers and authors. About 50 persons attended the conference at Stambaugh, representing most communities of the Peninsula.

"Our conference sought to emphasize a program of value to the practical, operational type of writer," said Arntzen. "This will be the objective for

the summer meeting, which we hope will expand into a two-day seminar."

"There is much interest in the group and if this is maintained there is the hope that the U. P. Writers will be able to sponsor workshops of great value to our people in the years ahead."

Arni Dunathan of the journalism and English department of Bay de Noc Community College spoke to the group on the theme of success and failure in writing and the need to persevere.

"Quit when you're tired of failure," he suggested. "You'll later come back to your writing renewed, refreshed and more confident."

Other Escanabans on the program were William Finlan, journalism instructor at Escanaba Area Public High School, who moderated a panel discussion on journalism; Carl Nelson, who discussed regional publication opportunity; and Arntzen, who directed the short story group.

Dr. Hart Puffer, Stambaugh, superintendent of schools, and Mrs. Puffer, conducted the program session and Mrs. Puffer introduced the speakers.

Escanaba persons attending the conference included Mrs. A. M. Gilbert, librarian, Escanaba Area High School.

Homecoming At Rapid River

RAPID RIVER—It's Homecoming Week (Feb. 17-22) at Rapid River High. A week of fun and festivities for the whole student body will be climaxed Saturday night with a dance and the crowning of the homecoming king and queen. The whole affair is sponsored by the student council of Rapid River High School, with Bob Bezzi, president of the council.

The committees for the homecoming activities are: decorations, Marlys Carlson, Cheryl Talvite; program for week events, Bill Wickham, Wally Johnson; advertising, Bob Bezzi, Tom Nelson, Mary Anderson; flowers, Mary Anderson; band, Norman Slough; and refreshments, Mrs. Ray Phillips and the senior home economics class.

The king and queen will be chosen from three elected couples of the senior class Friday, Feb. 21. The candidates are Mary Anderson, Marlys Carlson, and Linda Nelson, Sander Bascik, Bob Bezzi, and Dan Mosier. Couples from the sophomore and junior classes were chosen by their classmates to complete the court. They are sophomore, Ruth Gullickson, Dick Forslund, junior, Kris Johnson and Bill Wickham.

The program for the week will schedule events for competition among the classes 7-12 inclusive. Each class will receive points for participation and winnings. At the close of the week a class champion will be announced and awarded a trophy.

The weekly events include: Monday, baseball game, Tuesday, stunt and skit day; Wednesday, class quiz; Thursday, hootenanny; Friday, pep assembly given by the senior class; and Saturday, game with Nahma High School. The game begins at 6 p.m. and the homecoming dance will be held from 9 to 12. The music for the party will be furnished by the band called, "4 Degrees North".

The highlight of the dance will be the announcement of the king and queen. Bob Bezzi, student council president, will crown the king and queen and will also present a dozen red roses to the homecoming queen.

Auxiliary Will Meet At Eagles

The Eagles Auxiliary will meet Wednesday, Feb. 19, at 8:30 p.m. in the club rooms. Guest speaker will be Mrs. Fred Juetten, teacher in the Day School for Mentally Retarded Children, who will tell of the school and its program. A cakewalk will feature the social hour, and coffee will be served. Mrs. Roy Swanson is hostess chairman.

Church Events

Prayer Service
Covenant of Prayer service will be held at First United Presbyterian Church Tuesday at 9:30 a. m.

Central Methodist
The Men's Prayer group will meet at Central Methodist Church Tuesday at 6:45 a. m. Church School teachers' meeting will be held at the church at 7:30 p. m.

MIRROR, MIRROR ON THE WALL . . .
BRUNSWICK, Ga. (AP)—Peacocks aren't the only birds who like to preen and show off. A blackbird came often last year to flap its wings, stretch its legs, and carry on before a car mirror in the backyard of Mrs. R. H. Holliday. Now the bird has returned for a second season of self-admiration.

Johnson's Medicare

It's disappointing that President Johnson in his recommendations on medicare didn't propose more co-operation from the private economy with government efforts.

We need a better medicare program. With more help from the private economy we can expand and improve our present system, but the President has chosen not to suggest it.

Instead he wants Congress to increase our social security taxes to provide for a form of hospital insurance—not medical care—for workers at age 65. To do this he'd increase by one-quarter of one per cent the social security taxes paid by employees and by employers and he'd increase the amount of income subject to social security taxes from \$4,800 to \$5,200.

That would mean that a worker earning \$5,200 a year would have to pay \$27.50 more each year in social security taxes.

Thus even before the worker can get the \$57 a year in income tax reduction (for workers with two children) proposed by the Administration, President Johnson is urging that \$27.50 of the cut be taxed back in social security increases.

The increased tax would work against the President's plan to increase employment by cutting out overtime. Fringe benefits and welfare taxes like social security are what make employers increase overtime instead of hiring extra workers. The heavier the social security tax, the more temptation to pay overtime instead of hiring more workers. If the Federal Government forbids overtime or changes overtime pay from time-and-a-half to double time, as President Johnson proposes, industry caught in the cost-price squeeze will automate wherever possible. That will help solve its cost problem, but it will greatly increase the unemployment problem.

President Kennedy wanted to socialize medicare, that is, to have the government handle it with a vast new bureaucracy, and pay for it with taxes. President Johnson advocates the same policy. America is probably moving in this direction, as so many European countries moved earlier. People do not value control over their economic fate as much, apparently, as they do assurance that someone will care for them in some sort of mass fashion.

This would be one more big step toward socialization of a now private hospital service that would inevitably influence the nation's private economy and make it more subject to government control. The process must arouse fears in all who know the productivity of the American system of free enterprise. It has given us our high living standards. Any assumption that this level can be maintained under a socialized economy is without proof.

President Johnson's proposal would not cover the doctor's bill, but only the "cost of services customarily furnished in semiprivate accommodations in a hospital." This isn't enough, as everyone with experience knows. Much more is needed for assurance of medicare for the aged. Before this "foot in the door" commitment is made, the nation should remember how it got as rich as it is and give its wonderfully productive private economy a chance to solve this problem more fully.

Youth And Crime

Rose LaChapelle, the Press' Manistique bureau manager, says a Kalamazoo police officer who has a vacation home in Schoolcraft County sent a copy of J. Edgar Hoover's address to the Catholic Youth Organization meeting which gave the Federal Bureau of Investigation director its Youth Medal.

Miss LaChapelle underscored: In 1957 a federal judge assailed what he considered to be an unfortunate trend of judicial decisions . . . which strain and stretch to give the guilty vastly more protection than the law-abiding citizen! There has been no reversal of this alarming trend—a trend that is felt in steadily rising national crime problem.

"Since 1957, when the federal judge issued his warning, crime has increased nearly 40 per cent. Its victims continue to mount at a relentless rate. Americans, in growing numbers, are developing a dangerously indulgent attitude toward crime. Motion pictures are deliberately and defiantly pursuing an increasingly bold courtship with obscenity. Television is bringing lurid portrayals of violence and sadism into our homes. Sensual trash is moving closer and closer to the children's books.

"Our youth do not need weakness; they need strength. They do not need indulgence; they need the guidance and the discipline which can best be provided by a decent home. Above all they need the benefit of religion—in church, at home and in the atmosphere of our classrooms.

"Each year, persons under 18 are involved in nearly two thirds of the arrests for automobile thefts, and approximately one half of the burglary and larceny arrests. The newspapers of major cities recount senseless murders, violent assaults and brutal beatings inflicted upon innocent victims by arrogant gangs of teen-agers and young adults.

"Courts are influenced too much by the age—rather than the record—of the young hoodlum who stands before the bar of justice.

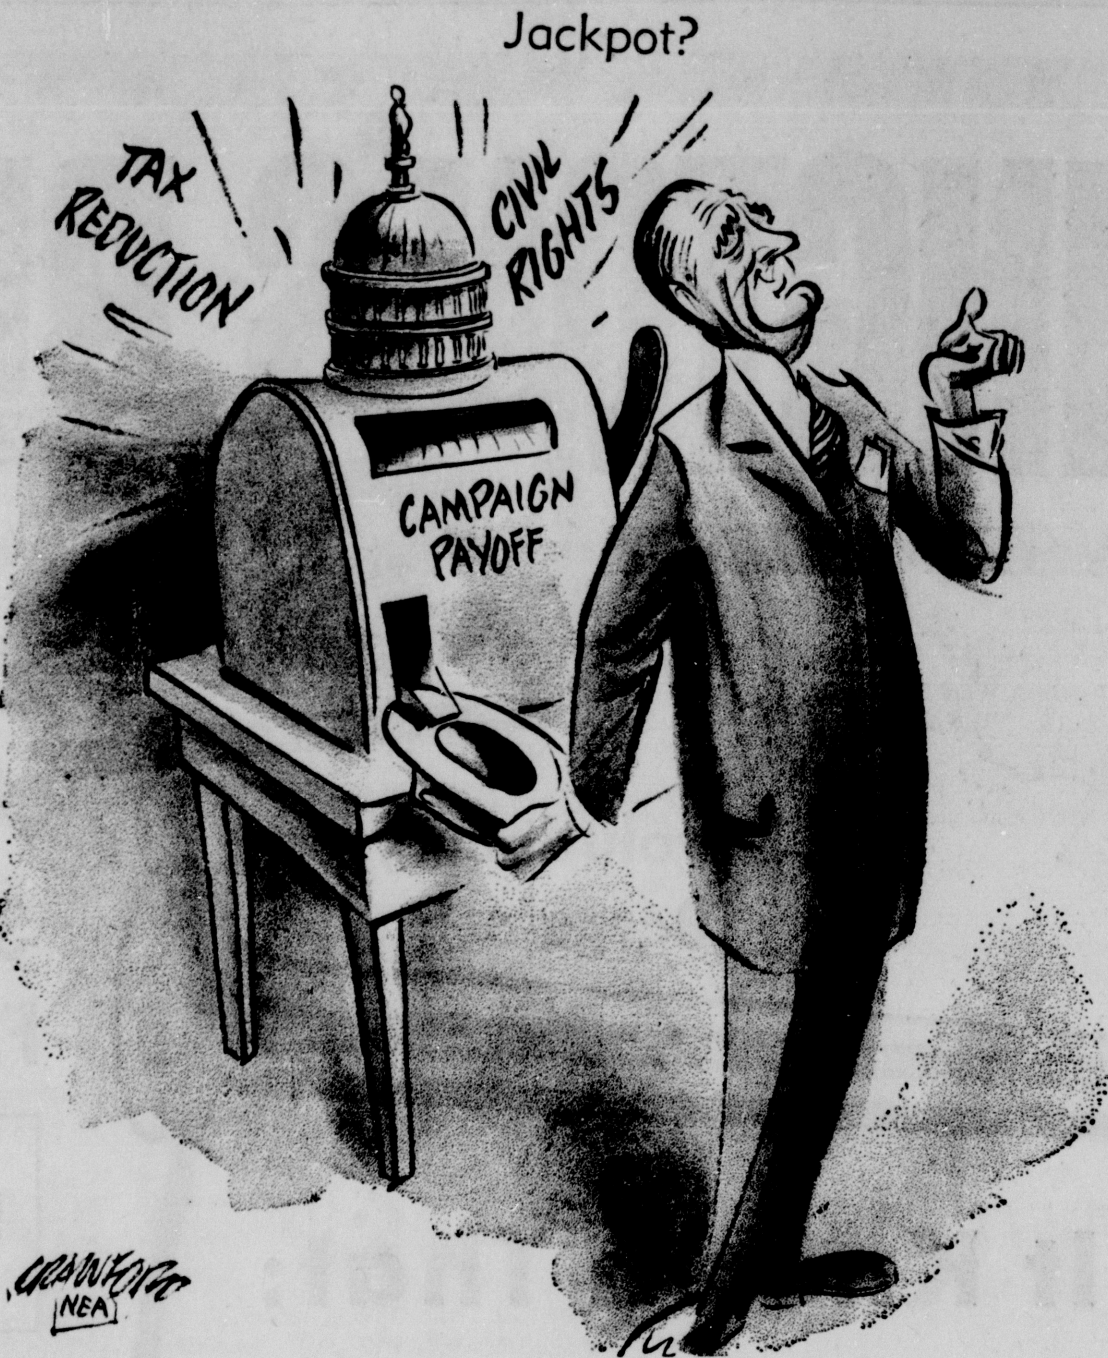

"The bleeding hearts, some sworn to administer the law as judges or social workers, are so concerned for young criminals and terrorists that they are indifferent to the rights of law-abiding members of society. We have tried the charitable approach toward young hoodlums and it has failed. The crime problem costs the American people some \$22 billion a year—nine times the amount contributed to our churches. For every \$1 spent on educating our children, \$1.11 goes to crime."

Fabulous Farmers

Early estimates on the 1963 American wheat crop show it to be 2 per cent greater than 1962, which was a record year, and 10 per cent above the 1957-59 average.

It was attained on the second smallest acreage ever recorded.

Despite the headaches it will give the Agriculture Department and the money this excess wheat will cost the taxpayers, it does the country proud. It is a great achievement, made possible through the joining of the skills and efforts of countless researchers in chemistry and biology with the world-famous know-how of the American farmer.

Washington Comment

By RAY CROMLEY
WASHINGTON — (NEA) — American troubles in Africa are certain to increase in late 1964 and in 1965 when sizeable numbers of the 5,000 African students now being educated in Soviet Russia and Eastern Europe begin returning to Africa.

Even if the Soviet Union is successful in lining up only a tenth of that 5,000 as agents in the Castro style, these few can be extremely dangerous at the right time in a fistful of the weak African countries.

Forty Castro-trained agents probably swung the balance in the Zanzibar revolt. Very small numbers of British troops—60 in one case, 100 to 200 in another—put down the revolting troops in Tanganyika and Kenya. These figures indicate what small numbers are required at the right time in the right spot to control the situation or swing it one way or another in many places in confused Africa.

Red China is now offering scholarships to Africans. There are reports that Chou En-lai has made progress in his good will trip through Africa.

There are a number of other cadres in Communist hands. Most of the governments in Africa are weak now. Because of their inexperience in self-government, their shortage of economic resources, their lack of business training and experience, their low level of education, they are likely to remain weak and a prey to small Castro-type revolutionary groups for more than a decade.

In a number of cases the trend is already toward one-party systems. Most of the emerging native governments of Africa are trending toward what they call socialism.

If the Communists consolidate their hold in Zanzibar, they're expected to try, Castro-like, to spread their type of revolution to the continent of Africa. So Africa may already have its Cuba-type training base.

But with all this, say U. S. diplomats, the Communists have real problems in Africa which the United States and the West can exploit if we play our cards right.

There's an open and fierce fight between Mao Tse-tung's Red China and Nikita Khrushchev's Soviet Russia for control of communism in Africa. In some cases they may cooperate, but in most areas they're apparently out for each other's blood.

U. S. Government experts

BARBS

By HAL COCHRAN

It's enough to knock parents cold when school kids get zero in their studies.

The women who slip off their shoes while riding on a train or plane should get the right size.

A Canadian boy of 17 won a cake baking contest over 15 girls. The only licking he took was from the frosting pan.

Some little kids won't be quiet for even a little bit, but maybe for two bits.

Questions And Answers

Q—Which state in continental U. S. has the greatest annual average rainfall?
A—Louisiana—55.11 inches.

Q—How did Brittany in northern France get its name?
A—Celtic tribes, driven out of Britain by the Angles and the Saxons, came into the region of Brittany, or "Little Britain."

Q—What is the meaning of the Japanese word "Banzai?"
A—Literally, "ten thousand years"—figuratively, "forever."

Q—Which is the only independent African nation with a coast on both the Atlantic Ocean and the Mediterranean Sea?
A—Morocco.

Q—Which president made shortest State of the Union address?
A—George Washington.

Q—What is the story of the Washington Elm which once stood in Cambridge, Mass.?
A—Washington took command of the Continental Army under its branches, July 3, 1775.

Q—What American tree has the longest thorns?
A—The honey locust.

Q—When low temperatures cause destruction of vegetation without the existence of frost crystals, what is the phenomenon called?
A—Black frost.

Q—What is the fastest moving snake?
A—The Black Mamba, which can attain a speed of nearly 7 m. p. h.

Q—What is the fastest moving snake?
A—The Black Mamba, which can attain a speed of nearly 7 m. p. h.

Memory Lane

By J. R. LOWELL
Ten Years Ago

Dr. Nancy Roger Chenoweth for many years a practicing physician in Escanaba, died in Peterboro, Ont., where she has been living with a son for several years. She was 80 years old at the time of her death.

Yesterday's high of 48 was the highest temperature for that date in Escanaba since records were established. Chicago had a record shattering temperature of 69.

The Grand Opening of the Appliance Center at 904 Ludington St., is announced for today by its owner Arvo Hendrickson.

Twenty Years Ago

Ferry service has again been resumed at the Straits following a several day tie up due to an impassable ice blockade.

The Rev. Frank B. McDowell, pastor of the First Presbyterian church, has accepted a call to Junction City, Kansas.

The Rev. John Hugo, former pastor of Calvary Baptist church in Escanaba, has been awarded a degree of doctor of divinity. He is now pastor of a church in Scenectedy, New York.

Thirty Years Ago

R. E. Cheney, superintendent of Escanaba schools, has been awarded a three year renewal of his post at a salary of \$4,000 per year.

M. J. Lang has been elected manager of the Legion Drum and Bugle corps in Escanaba. Fred J. Earle has resigned as member of the Escanaba Board of Education and Atty. Charles E. Lewis has been appointed to fill the vacancy.

Lee Smits Reports That:

Air Age Fisherman Is Free Spending Success

By LEE SMITS

A Detroit man is having a fly-rod made, split bamboo, to fit in a suitcase, for air travel. He has arranged to fish a trout stream in Austria this summer.

Last summer I had to turn down an invitation to fly to Great Bear Lake and fish for arctic char with Eskimo guides.

Charlie Helin, the Flatfish wizard, organizes parties to fish in lofty altitudes in Chile and Argentina.

Last summer a friend of mine and his partner were flown from White River, Ontario, for two day camp-out. The man who took them in refused to tell them the name of the lake they landed on. They ate all the speckled trout they could hold, brought out their limits and while they were at it, released dozens of trout, some of them topping four pounds, taking movies to prove it.

This takes money. A friend of mine who fished God's Lake in upper Canada last summer—a strike at every cast—told me that it cost him \$20 for each hour of fishing.

Meanwhile the docks, river banks and canals of southeastern Michigan are lined, day and night, all summer, by fishermen and women who obviously have no other employment. They are fishing for protein. Carp, catfish, bullheads, sheephead are highly favored by these patient anglers.

Between a leased salmon beat in Scotland and murky carp water on the outskirts of Detroit are all of the economic gradations of angling as engaged in by Michigan people.

Fishing largely accounts for what is sometimes called Michigan's second most important industry. It is hard to find the right name for this industry; tourism, outdoor recreation, hunting and fishing none of them quite covers it. Yet the fish that inhabit Michigan's 11,000 interior lakes and thousands of miles of streams and the Great Lakes and their connecting waters cause far more money to be spent in Michigan than is spent outside the state by the fortunate few who can disregard expense.

Actually, when it comes to spending money, you can go pretty far right here in Michigan. Within sight of the Detroit skyline you might pay \$40 a day to go out in a charter boat for bass or muskies. You can provide yourself with adequate carp-fishing gear and have change left out of a dollar or you can go into the hundreds for a fly-fishing outfit, without giving thought to erecting a camp, with modern conveniences, somewhere in the Au Sable valley.

Our early ancestors were nomads, wandering far to kill game, catch fish, gather edible vegetable items. Our expectation of better sport across the border, around the bend, over the hill seems to be instinctive. In the southwestern part of Michigan are lakes with cottage colonies composed almost entirely of people from Indiana. Inhabitants of the region feel that they must go at least a day's journey north to find the kind of outdoor enjoyment they want.

Fishing is high on the list of multiple uses of outdoor resources. Its defenders have to contend with numerous enemies; pollution, drainage, the

filling of marshlands, excessive commercial harvesting, plus the general pressure of an expanding population which can mess up a beautiful lake or river within a decade.

Fishing and hunting in Michigan have survived four periods of enormous change. First, the fur trade. War, massacre, the subjugation of Indian tribes. That lasted from 1701 to about 1825.

Second, starting in the 1830's, the influx of settlers from the Atlantic seaboard, transforming the southern third of the state from wilderness to farmland.

Third, the destruction of pine and hardwood forests, with annual fires raging unchecked over the cutover country. That

period was in full blast from the close of the Civil War until the early part of the present century.

Fourth, the industrial era, the advent of the automobile.

Now we're in the fifth period of dramatic change. The population explosion. More people with more leisure and more money. New freeways. A soaring demand for all kinds of outdoor recreation.

Looking back over all that has happened to outdoor Michigan since the beginning of the 17th century, isn't it reasonable to expect, at least to hope, that with intelligent management the fish and wildlife resources of this state can be maintained in good supply into the 21st century?

Your Income Tax Return

PENSIONS
U.S. Treasury Department
Internal Revenue Service
Detroit, Michigan 48231

If you receive a pension the payments you receive, under certain circumstances, may not be taxed at all, they may be taxed in part, or they may be taxed in full.

Payments which are fully or partially taxed should be reported on Part III of Supplemental Schedule B of the Form 1040. You cannot use the short Form 1040-A if any part of the pension is taxable.

Certain payments received, such as disability pensions, are not taxable at all and do not have to be shown on your income tax return. Examples of non-taxable payments are Workmen's Compensation Benefits, Accident and Health Insurance Benefits (if you paid all the premiums), Railroad Retirement Act Pensions, Veterans Benefits to veterans and their families, Social Security Benefits and Unemployment Compensation.

If you are not sure about any payments you receive, call your local Internal Revenue Service office for advice.

PENSIONS
If you have determined that your pension is subject to income tax, the next step is to determine how much is actually taxable. This is done by completing Part III of Supplemental Schedule B of the Form 1040.

As you will notice, Part III consists of Sections A and B. If you did not contribute to the cost of your pension and it was fully paid for by your employer, then your pension is fully taxable. There is no need for any computation . . . just enter the full amount received on Line 6 of Section A.

If you paid part of the cost of the pension and you will recover all of your cost within three years from the date the pension payments start, use Section B.

If you are the beneficiary of an employee who, if he had lived, would have recovered his cost in three years, you compute the amount of your pension which is taxable in the same manner as he would have.

PENSION - Computation of Taxable Portion
Taxpayers who will recover their investment in their pension within three years from the receipt of the first payment do not pay income tax on the payments until all the cost is recovered. After the cost is recovered, the full amount of the pension is taxable.

For those whose cost will not be recovered in three years, another method of determining the taxable portion is used. This computation is made in Section A, Part III of Supplemental Schedule B. Two factors must be determined in order to compute the amount of the pension payments which are taxable. The first step is to determine the cost or investment in the pension. Secondly, you must determine the total expected return from the pension. This is found by multiplying life expectancy, as set forth in actuarial tables, by the amount received annually. The Internal Revenue Service will assist in this calculation upon request.

With the two previous mentioned facts, Section A of Part III of the Form 1040 can easily be completed. However, if you have a problem call your local Internal Revenue office.

PENSION - RETIREMENT INCOME CREDIT
If you are retired, or if you are 65 or over, and receive a taxable pension, or receive income from rents, interest, or dividends, you may be entitled to the Retirement Income Credit. To qualify, you must have received earned income in excess of \$600.00 in each of any 10 preceding calendar years and, of course, have retirement income.

If you are under 65, Retirement Income includes only a pension from a Public Retirement System. Retired Federal, State, or local governmental employees, armed forces personnel, public school teachers, policemen, and firemen are under a Public Retirement System. If you are 65 or over, Retirement Income includes all of your taxable income from pensions, interest, dividends, annuities, and gross (not net) rents.

Prior Earned Income, for purposes of determining whether you met the previously mentioned 10-year \$600.00 earned income test, includes wages, salaries or professional fees, and other amounts received as compensation for personal services actually rendered.

Widows and widowers whose deceased spouse met the Prior Earned Income test are eligible for this credit provided they have not remarried.

The Retirement Income Credit is claimed by filing in Part VIII of Supplemental Schedule B of Form 1040 and entering the resulting credit on line 13 (b) of Page 1 of your return. This credit cannot be claimed on short Form 1040-A. The maximum allowable is \$304.80.

PENSIONS - RETIREMENT INCOME CREDIT
After you determine that you have received retirement income, your next step is to determine how much, if any, is to be used in computing the credit.

The maximum limitation on retirement income is \$1,524.00. The \$1,524.00 must be reduced by Social Security and Railroad Retirement benefits received during the year.

Any individual under 72 must further reduce the \$1,524.00 by earned income received during the year in excess of the amounts allowed under the law. These amounts are found on Supplemental Schedule B, Part VIII of the Form 1040.

The retirement income credit is then 20 per cent of the lesser of:

1) The retirement income you received during the year; or

2) \$1,524.00 minus the adjustments explained above.

The Retirement Income Credit serves to reduce your income tax liability. If the Retirement Income Credit is greater than the income tax due, the credit is limited to the income tax due and will not result in a refund.

If you have a question in connection with a pension you receive or with the computation of the retirement income credit, call your local Internal Revenue Service office.

TAXES
In itemizing your deductions on page 2 of Form 1040 you are allowed to deduct most non-Federal taxes paid by you.

You may only deduct taxes if they are imposed on you. Real estate taxes, for example, may only be deducted by the owner of the property.

Tables showing the amount you may claim as a deduction for Michigan Sales Tax are available at your local Internal Revenue Office. These tables may be used as a guide to the average amounts which may be claimed in absence of definite proof of payment.

Another problem is computing your deduction for Michigan State Gasoline Tax paid . . . which is (6c) six cents on every gallon purchased.

To easily figure your deduction for gasoline tax, determine the total miles traveled during the year and divide by average miles per gallon. The answer is gallons used, which when multiplied by 6c will give the amount of this deduction.

Deductible taxes are listed in your Form 1040 instruction booklet; or if you have a question, call your local Internal Revenue Service office.

Delta History Meeting Called

The Delta County Historical Society's directors, committee chairmen and other interested persons will meet for an organization session at the Chamber of Commerce building in Escanaba and 8 p. m. Wednesday.

John J. Mitchell, Historical Society president, said he "hopes all interested members will be present," and that they are welcome to bring friends.

Discussion items on the agenda will include the summer picnic meeting, proposed to be held at Garden; a joint meeting with the Schoolcraft County Historical Society; and other projects.

"We believe that an active Historical Society can be a good influence in our county in promoting an interest in our area — with its rich and colorful history — for our own citizens, the new residents, friends who visit us and the tourists who come here from other areas, other states and countries on their vacations," Mitchell said.

He emphasized that members and interested persons as well as directors and committee chairmen are to attend.

Obituary

JOHN LAFAYE

Funeral services for John Lafave of Wilson were held at 10 a. m. today at St. Francis Xavier Church, Spaulding, with Father Walter Franczek officiating. Burial was in Spaulding Cemetery. Pallbearers were Emil Lafave, John Chelmecki Jr., Dale Kositzke, Harold Thinglum, Timothy Lafave and Roderick Johnson.

WILLARD H. HAMACHER

Services for Willard H. Hamacher of Cunard were held at St. Mary's Church, Hermansville, Saturday at 9:30 a. m. Father Patrick Frankard officiated. Burial was in Meyer Township Cemetery. Pallbearers were Edmund Bouty, Theodore and Robert Ball, William Bileski, Edward Malone and Wilfred Grodine.

Does BLADDER IRRITATION MAKE YOU NERVOUS?

After 31 common kidney or bladder irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondly, you may lose sleep and suffer from headaches, backache and feel old, tired, depressed. In such irritation, OYSTEX usually brings fast, relaxing comfort by curbing irritating germs in strong, acid urine and by analgesic pain relief. Get OYSTEX at drugstore. Feel better fast.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were

YOUTH TOOK an active interest in helping ready the Drop-In Center for Escanaba's senior citizens, when members of the Columbian Squires washed walls and ceilings of some of the Center rooms at a work-bee on Saturday. Leo Laviolette, chairman of the Center project for the Escanaba Council on Aging, expressed appreciation for the gifts of time, money and furnishings. More furniture is needed and it will be called for if the donor telephones ST 6-4067. (Daily Press Photo)

Sunday Fires Take 18 Lives

By The Associated Press

Multiple-death fires in various parts of the nation Sunday claimed at least 18 lives, including 13 children.

A mother and five of her children died in a Cleveland blaze. The husband jumped from a second-floor window. Nine other children and three adults on the first floor also got out safely.

Five children perished in a fire that destroyed a brick home in Baltimore. The mother and five of her other children leaped to safety from a second-floor window.

Four firemen were killed in a fire that swept a three-story building in Dallas.

A home fire in Thorofare, N.J., killed three small children.

Port Huron Bus Line Idle; Strike Due In Lansing

By The Associated Press

City council action has halted Port Huron bus service, and a strike scheduled for Wednesday threatens Lansing's bus line.

The Port Huron Bus Co.'s city license plates were reclaimed by the city council Saturday. The council indicated it took the action because it has no current contract with the bus firm. The old contract expired Dec. 31.

There was no immediate indication from the company whether any attempt would be made to resume service.

At Lansing, Local 1039, Amalgamated Transit Union, representing 50 drivers and mechanics, said it would strike Wednesday in a pay dispute.

The union accused the bus line of renegeing on a verbal promise to boost wages by 11 cents an hour on Jan. 27.

Young GOPs Go For Goldwater

SAN DIEGO, Calif. (AP)—The California Young Republicans say Arizona's Sen. Barry Goldwater is the man they want for president of the United States.

And attorney John A. Gromala, 34, of Fortuna, is the new president of their 14,000 member group.

They made both choices Sunday.

The convention vote for Goldwater was 256½ for, 33½ against.

Missile Data To Be Censored

WASHINGTON (AP)—Congress reportedly has received contradictory testimony on the reliability of missiles from Secretary of Defense Robert S. McNamara and Air Force Chief of Staff Gen. Curtis LeMay.

Informed sources on Capitol Hill report that the two, in secret testimony before the House Armed Services Committee, differed not only in their general estimates of reliability but in the specific figures they cited as evidence.

Differences between McNamara and LeMay could have potential political repercussions. Sen. Barry Goldwater of Arizona has raised the question of missile reliability during his campaign for the Republican presidential nomination.

Goldwater, a major general in the Air Force Reserve, has challenged the reliability of missiles and called for more funds for manned bombers.

This evidently was the position taken by LeMay and rejected by McNamara before the House committee.

More light on the controversy may be shed Tuesday when the committee releases a transcript of the hearings that were held for two weeks beginning Jan. 27.

The transcript, however, will be censored by the Department of Defense. It is conceivable that figures on the reliability of missiles—if deemed classified—would be deleted.

Annual Playday Slated Feb. 22

The 16th annual Grade School Playday will be held at Royce Park rink on Saturday afternoon February 22. Races will start at 1:30 p. m. The program is sponsored by the City Recreation Department in co-operation with the Escanaba Area and Parochial Schools.

The races are open to boys and girls fourth, fifth and sixth grades. Youngsters compete for their respective schools and the school with the greatest number of points made during the

meet is the winner of the playday. Approximately 250 boys and girls enter and contestants playing first, second, third and fourth receive ribbons. High point winners in each grade also receive emblems for their efforts.

St. Patrick won the 1963 Playday with a total of 77 points in the meet. Following St. Patrick's was Lemmer School with 43 points, Webster 42, St. Joseph's 40, St. Anne's with 24, Franklin with 13, Jefferson with 4 and Washington School with 3 points.

Races will include the 110 yard race, 220 yard and the 440 yard race for boys and girls fourth, fifth and sixth grades.

Publicity on the Playday events to be held will be posted at all the Public and Parochial grade schools. Boys and girls are asked to begin practicing for the Playday.

Richard Olson of St. Patrick and Jim Kornetved of Webster were the two outstanding boy skaters with three first places each. Gail Lauscher of the Lemmer School was the outstanding girl skater of the meet winning three first places. She was followed by Ester Malloy and Annis Cole of St. Patrick's winners of two first places and a second place. Sally Dufour of Lemmer School and Priscilla Rosemurgy of Franklin School also were high point winners with 13 each. Other high point winners were: Ricky Brookes of Lemmer, Robert Stone, Dennis Eastman of Webster, Janis Pepin, Gary Johnson, Robert Teabear of St. Joseph's and David DeLalvo and Mark Mayville of St. Anne's. Gail Lauscher of Washington and Robert Feller of Jefferson School.

All boys and girls in the fourth, fifth and sixth grade who attended the Franklin School last year and are now enrolled in other schools this year will skate for the Franklin School this year at the Grade School Playday.

Million Dollar Painting Stolen

BRUSSELS BELGIUM (AP)

—A Rubens painting valued at a million dollars was stolen during the weekend from the Brussels Museum of Ancient Art.

Museum conservator P.H. Roberts-Jones told newsmen the painting, "The Negroes' Heads," was worth at least \$1 million.

The thief or thieves entered the museum through a glass roof from a scaffolding on houses being built behind the museum. They climbed down a 20-foot rope ladder, took the painting and escaped by the same route.

The painting, by the 17th century Flemish master Peter Paul Rubens, measures 20 by 25 inches.

Roberts-Jones told newsmen: "The only thing which astonishes me and which upsets me is that people can take all this trouble for such a well-known work of art for which they will find no outlet. This painting is not salable."

He added there were two men on surveillance duty normally in the museum, but that one of them was off duty Sunday night.

Attendant Shot But Calls Police

DETROIT (AP)—A holdup man took \$30 from a gasoline station attendant and then shot him through the head today, but the attendant managed to take a dime from the cash register and call police. Ronald Walton, 18, of Detroit, was reported in critical condition after a bullet struck his head in front of the right ear.

NEW DOG BREED

Rhodesian Ridgebacks officially were accepted by the American Kennel Club in 1956 as a new breed of dogs. Ridgebacks, developed in South Africa, hunt anything from lions to pheasants.

AMAZING PSORIASIS STORY

Jan. 10, 1960 — Pittsburgh, Pa. "Doctored for psoriasis 30 years. Spent much money to no avail. Then used GHP Ointment and Tablets for 2 weeks. Scales disappeared as if by magic. In 6 weeks skin completely cleared and clean. First time in 30 years. Thanks for your marvelous products." This much abbreviated report tells of a user's success with a dual treatment for the outward symptoms of psoriasis. Full information and details of a 14-day trial plan from Canam Co., Dept. 277W, Rockport, Mass.

Mrs. Ruth Dubill Dies In Detroit

Mrs. Andrew Dubill, former resident of Winters, died Sunday night at her home in Detroit. Mrs. Dubill was the former Ruth Walls, member of a pioneer family in the Winters community. She was a registered nurse.

Surviving are her husband, one son, Woodberry, at home, one brother, Wilfred, Garden City, and five sisters, Mrs. Frank Depew, Birmingham, Mrs. Amy Finlan, Detroit, Mrs. Peter Vovite, Dearborn, Mrs. Edith Kallio, Escanaba, Mrs. Walter Cunningham, Trenary.

Friday is observed as the Sabbath by the world's Moslems.

Auto Collides With Soo Train

MANISTIQUE — Wayne M. Ryerse, 25, of 139 S. 4th St., escaped serious injury at 1:50 a. m. Sunday when his car hit a train on the Soo Line Deer St. crossing.

Public Safety officers said Ryerse told them he didn't see the train until it was too late to stop. His car hit the 23rd car in a string of 29 and traveled 60 feet alongside the tracks.

The crossing flashers were not working, officers said.

Ryerse is reported to have a bruised knee, but was not hospitalized.

BILL PERRON ANSWERS YOUR INSURANCE QUESTIONS

QUESTION: The papers have been full of stories of houses broken into and left in a complete mess while the owners are away. Does burglary and theft insurance pay for damage of that kind?

ANSWER: This subject is too broad to be answered completely in this space. There are many insurance coverages which pay for damage from vandalism and breakage in connection with theft and burglary. See a good insurance agent personally for a thorough explanation.

This public service is our way of advertising. Your insurance questions will be answered without charge or obligation if you'll send or bring them to:

Ann Landers

Dreams Of Boss Embarrass Her

Dear Ann Landers: I'm a respectable married woman with a good husband and two nice children. The problem is this: Almost every night I dream about my boss.

I admire this man very much. He is the kindest and most generous person I have ever known. He is also old enough to be my father so I have no romantic interest in him whatsoever — at least not during the daytime. But when night rolls around it's a different story.

The next day in the office I can hardly face him. I keep telling myself a person can't help what he dreams, but the boss must wonder why I act so self-conscious. When he speaks to me I always pretend to be fussing with a handkerchief or a loose button on my blouse — anything to avoid looking him in the eye.

The boss' wife does not treat him very nicely which makes me mad, but of course this is none of my business and I would never let on that I notice him in my dreams he is always seeking consolation from me.

My embarrassment is beginning to interfere with my work. Do dreams mean anything? Can you help me?—DOUBLE LIFE

Dear Life: Yes, dreams do mean something, but I'm no interpreter of dreams and would not presume to tell you what they mean.

At the subconscious level you unquestionably have some suppressed desires in connection with your boss. If these dreams persist perhaps you'd better get another job before your sub-

conscious desires turn into conscious ones.

Dear Ann Landers: Our daughter married a young man with whom she had kept steady company for four years. During their courtship the parents or the young man were polite but cool to us. We were never invited to their home for dinner although they accepted two invitations to ours.

Recently I had occasion to call at their home. They did not suggest that my husband come, too, although other couples were present. He was crushed and now says we must have nothing to do with these people since it is apparent they don't care for our company.

We have planned several family affairs this year and have decided not to invite them. Our daughter is hurt and embarrassed by the attitude of her in-laws but we do not speak of it. Are we right in excluding them?—HEAVY HEARTS

Dear Heavy Hearts: Being related is not a good enough reason to invite people to your parties. Furthermore, these people are your daughter's relatives, not yours.

Since they have indicated no desire to count you as social friends, take the hint. Invite them only when their absence would embarrass your daughter and son-in-law, such as a christening party for your grandchild or your children's wedding anniversary.

Dear Ann Landers: A very good friend of mine is under 30 years of age. She is beautiful, bright and holds a responsible

position. This woman has just married for the third time — another handsome, mean, abusive sweet-talker with an alcoholic problem. In fact, the first husband and the third husband look enough alike to be brothers.

I would be willing to bet my bottom dollar that this marriage will end up as the others did — in pieces. Why would such an intelligent, lovely woman be stupid enough to make the same mistake three times? —DISTRESSED ONLOOKER

Dear Looker: Your friend's choice of husbands has nothing to do with brains. The woman marries punitive, abusive men because she has a personality problem.

Ann Landers' frank and informative new book, "Teen-Agers And Sex" (\$2.95), is now available at your book store. Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped, self-addressed envelope.

Curb Promised On Ceylon Vice

COLOMBO, Ceylon (AP) — Opposition demands for an investigation of sex and drug peddling in a government hostel for members of Parliament has faded before a promise by House Speaker Hugh Fernando to crack down.

The House of Representatives has been having a running debate on charges that girls, panders, drug peddlers and drunks infested the mansion that was taken over from a Ceylon millionaire in 1956 for the use of parliament members.

Bargain Offered In AT&T Stock

By JACK LEFLER
AP Business News Writer
NEW YORK (AP)—The biggest corporate financing program in U.S. history took the business spotlight during the past week.

It was undertaken by American Telephone & Telegraph Co., which turned to its family of 2.25 million stockholders to raise \$1,225,000,000.

The company offered its shareholders the opportunity of purchasing 12.25 million shares at \$100 each. This was \$46 below the market price on the day the offer was made.

Each shareholder received the right to purchase one new share for each 20 held.

Trading began on the New York Stock Exchange on Wednesday with 3,375,000 changing hands.

New Peak Reached

American Telephone's common stock surged to a new all-time high.

It helped the general stock market, as measured by the averages, reach a new historic peak.

The magnitude of AT&T's money raising undertaking is illustrated by the fact that all common stock financing in 1962 totaled \$1.3 billion.

AT&T will use the proceeds of its stock offer to help finance a \$3.25-billion growth and modernization program for its telephone system in 1964.

Also in the communications field, the Communications Satellite Corp. reported that six companies had answered its request to submit proposals for designing an international commercial satellite.

AT&T and Radio Corp. of America submitted a joint proposal. Thompson Ramo Wooldrige, Inc.'s proposal included International Telephone & Telegraph Corp. as principal subcontractor. Individual proposals were submitted by Hughes Aircraft Co. and Ford Motor Co.'s Philco Corp. subsidiary.

Tax Prospects Brighter

Business and individuals were encouraged by the progress being made toward enactment of the income tax reduction legislation.

Different versions of the bill have been passed by the House and Senate, and conferees from both bodies are trying to reconcile differences.

The Department of Commerce reported that the U.S. balance of payments improved further in the fourth quarter of 1963. The quarterly deficit was the smallest in years.

For the year as a whole the United States had a deficit of \$3.02 billion.

In the second half, the deficit was at an annual rate of \$1.6 billion, the lowest since the balance of payments began to be a serious problem in 1958.

Reasons given for the improvement were reduced net purchases of foreign securities and a spurt in exports, particularly agricultural products to both Communist and non-Communist countries.

Sales Climb

The Commerce Department also reported that inventories rose only slightly in December from November and that total business sales climbed to a record.

Inventories gained \$80 million to a total of \$102.75 billion against an increase of \$790 million in November.

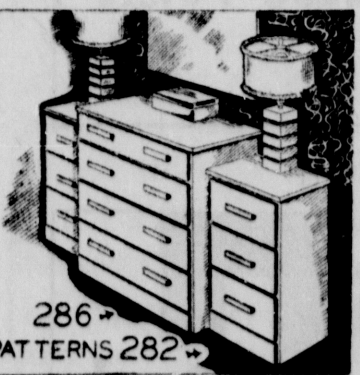

Sales in December totaled \$68.96 billion, up from \$67.19 billion in November.

Automobile production dipped during the week to an estimated 164,900 passenger cars from 169,360 the previous week but was well ahead of the 149,392 built a year ago.

Chrysler Corp., last of the Big Three automakers to announce 1963 sales and earnings, joined General Motors Corp. and Ford Motor Co. in reporting a record year.

Chrysler earned \$161.6 mil-

Car Sales Run Ahead Of 1963

By CHARLES C. CAIN
Associated Press Auto Writer
DETROIT (AP)—The auto industry reported Friday that sales in the first 10 days of February ran nearly 10 per cent ahead of the number of cars sold in the corresponding period a year ago.

The corporate reports of Ford, Chrysler and General Motors showed the Feb. 1-10 sales this year exceeded those of 1963. American Motors sales declined. Dodge sales gains were the highest of any auto division, as it sold 8,284 cars—an increase of 41 per cent over the total attained in Feb. 1-10, 1963.

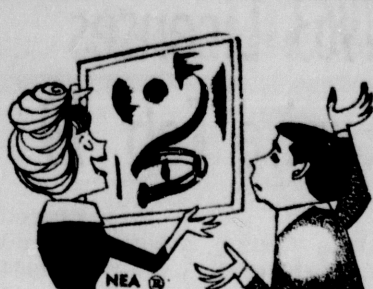

Other sizeable gains reported over 1963 Feb. 1-10 figures included:

Buick, 13 per cent ahead of 1963 and best since the corresponding period in 1957; Oldsmobile and Pontiac, 15 per cent

ahead of last year; Lincoln-Mercury, 13 per cent ahead of last year.

Chevrolet division of General Motors showed a slight decline in the number of cars sold in the first 10 days of this month, but at the same times its truck sales set a new high.

Swamp-fringed Pemba, a 380-square-mile island 25 miles northeast of Zanzibar, is noted for its bullfights, witches and the cloves which grow on its fertile hills.

Talk briefly about your hobby unless chatting with a fellow enthusiast.

Oswald Didn't Fire Fatal Shot, Attorney Says

DETROIT (AP)—The attorney engaged by Lee Harvey Oswald's mother says the FBI and Dallas police know that Oswald did not fire the rifle whose shots killed President John F. Kennedy last Nov. 22.

Mark Lane, 36, a New Yorker, also says the commission headed by Chief Justice Earl Warren should not conduct its investiga-

tion of the assassination in secret.

"I know that Oswald did not fire the rifle. I also know that the Dallas police and the FBI also know that he did not," Lane said Friday in an interview.

Snow accumulation on the heights around Mt. Olympus, Wash., reaches an astonishing total of 200 to 250 inches a year. Unusually heavy falls are caused by the deflection of moisture-laden winds from the Pacific to the massive peaks.

Mildness Eases Snow Shortage Harm To Game

The mildness of the current winter has eased the harmful effects on wildlife of the deficient snowfall.

While Conservation Department research has been hampered by non-cooperation of the U. S. Weather Bureau, which has ended its services to the Delta County area in 1963, the Marquette Weather Bureau reports that January was the fourth warmest on record.

Snowfall in the Escanaba District of the Conservation Department (Delta and Marquette

not moved in some areas where the snow is only 12 to 15 inches deep. Predators can move on the crust.

He reported that south slopes were bare in many areas in the southern part of the district.

"Snow brings a winter benefit to much wildlife," said Vogt, "Partridges burrow in it for shelter, and of course it brings a spring benefit of moisture to nourish vegetation that wildlife lives on. The lack of snow is also a contributing factor in spring forest fires."

Severity Gauge

Have you wondered what the "pressure cooker" on the north side of the District Conservation Department Headquarters in Escanaba is?

It's a new winter severity index developed at the Department's Casino Experiment Station to show the severity of winter weather on wildlife. Temperature charts alone don't do this because they neglect the time factor—for instance, how long was it below zero?

The index equipment has a heating coil that keeps water at 38 degrees Fahrenheit all the time. The amount of electricity going into the heater is metered and this provides the exposure index. It's in its third week of operation and will provide useful data after a year of use permits comparisons.

counties and the west half of Alger) has averaged 1.3 feet up to Feb. 10 on the 7 snow gauges of the Game Division. This is below normal.

The deepest depths of snow of the current winter were registered in the Feb. 10 reading, with 2.2 feet at Chatham; 1.8 at Big Bay and Champion, 1.2 at Gwinn, 0.9 at Marquette, 0.8 at Arnold and at Ensign.

Chatham and Gwinn readings were more than 1963 but less than 1962, and Big Bay and Champion had more than in 1962 or 1963.

On Feb. 1 Chatham had had 32 inches of snowfall, compared with 71 inches to that date in 1963.

Joseph Vogt, district game supervisor of the Conservation Department, said that current conditions favor predators more than deer, as the crusting has been so heavy that deer have

1963 Licenses Expire Feb. 29

Claude Tobin today urged Delta County automobile and truck owners to get their 1963 license tabs a once and avoid the rush and waiting in the last days of grace before the midnight, Saturday, Feb. 29 deadline on use of 1963 Michigan vehicle licenses.

Tobin, Escanaba agent for the secretary of state, said his office at 615 Ludington St., Escanaba and the Gladstone office at DeRoek's Sports Goods Store, 16 10th St., would be open every day except Sundays from now until the deadline from 8 a. m. to 5 p. m.

Tobin estimates that about 5,000 of the 8,000 Delta cars and trucks have been licensed to date which means a heavy job of registry in the next two weeks. The licensing, however, is ahead of last year at this time.

Work at the license offices already is heavy, with a noticeable increase in applications last Friday and Saturday.

Johnson Sisters Go Traveling Over Week End

WASHINGTON (AP) — The Johnson girls went traveling last weekend while their parents, President and Mrs. Johnson, stayed at the White House.

Nineteen-year-old Lynda Byrd Johnson flew to Austin, Tex., where she was maid of honor at the wedding of Carolyn Kellam, daughter of J.C. Kellam, who manages the Johnson Family's television station, Miss Kellam married Tom Curtis, an Austin attorney, Saturday night.

Lucy Baines, the President's 16-year-old daughter, attended a weekend of religious conferences in Buck Hill Falls, Pa., with 400 other teenagers.

VATICAN CITY (AP) — Pope Paul VI has begun a week-long retreat of prayer and meditation.

The Roman Catholic pontiff went into seclusion in the Vatican after visiting the new, modernistic church of St. Pius X in Rome Sunday, the first Sunday of Lent. It was the first of a series of Sunday trips he has scheduled during Lent, the 40-day period of penance before Easter.

WASHINGTON (AP) — While the Senate investigates the affairs of her husband, Mrs. Bobby Baker continues to work at her \$11,750-a-year job as records manager for the Senate Internal Security Committee.

Mrs. Baker will not talk about what her husband is doing, or the investigation of his business affairs. She says her lawyer has told them not to.

Baker is former secretary of the Senate Democratic majority.

LONDON (AP) — Queen Mother Elizabeth drew cheers from a dozen bystanders as she walked out of King Edward VII hospital in London.

She underwent emergency surgery for the removal of her appendix Feb. 4 and was released Sunday.

ATLANTA (AP) — Daniel Neal Heller, national commander of the Jewish War Veterans, says he has asked for a meeting with Soviet Premier Khrushchev to discuss the status of the 3.5 million Jews in Russia.

Heller said in an interview that he asked for the meeting after reading reports of discrimination against Russian Jews, but added: "I have no accusations to make."

PVT. MICHAEL G. Mattila recently completed his basic training at Fort Knox, Ky. He is in the 522nd Engineer Armored Division. He is the son of George Mattila, a 1962 Rock High School graduate. The 19 year old youth enlisted Oct. 29.

Charge Driver Of Teamsters' Car Was Intoxicated

Raymond R. Gangstad, 45, Teamsters' Union agent of 1204 N. 19th St., is at liberty on bond for his appearance in Escanaba municipal court on a charge of driving an automobile while under the influence of intoxicants.

The appearance in court will follow a report from the state laboratory on a blood sample taken in St. Francis Hospital after his arrest by Escanaba police. Officers said Gangstad asked to have the alcohol blood analysis made.

The police said that Gangstad, driving a Teamsters' Union automobile, was involved in a collision with another auto at 8th and Ludington Streets at 7:05 p. m. Sunday.

The other car was driven by Robert C. Pepin, 22, of 217 N. 19th St., who signed a complaint against Gangstad. Police said Pepin told them Gangstad came over into their lane and struck their car despite Pepin's efforts to avoid an accident. Gangstad was driving without lights, Pepin said.

Gangstad drove on for about a half block, coming to a stop in the 100 block of S. 8th St., police reported.

The left front of the Teamsters' Union car and the left rear of the Pepin car were damaged. No one was injured.

England Loses Science Experts In Brain Drain

BIRMINGHAM, England (AP)—The brain drain of leading British scientists is claiming three more men from Birmingham University. Two are going to the United States and one to Australia.

Sir Robert Aitken, vice chancellor of the university, called for an increase of government grants to improve facilities for scientific research.

Dr. George Greenless, 41, senior lecturer in physics, says he has accepted a professorship at the University of Minnesota because facilities are better there.

Dr. George Chester, 35, acting head of the department of mathematical physics, said he will become a professor at Cornell University in Ithaca, N.Y., because he believes he will get more financial support for his work.

Senators Hint Deal In Dixie

WASHINGTON (AP)—In the news from Washington: CIVIL RIGHTS: Two Republican senators say they suspect the Johnson administration has made a deal with Southern senators which involves the tax cut and civil rights bills.

"We don't know what the deal is but we are very suspicious that it's something to weaken the civil rights bill," Sen. Hugh Scott of Pennsylvania said on a taped television and radio program Sunday with Sen. Thurston B. Morton of Kentucky.

Meanwhile, one of the nation's civil rights leaders, James Farmer, said on the CBS radio and television program "Face The Nation" that "extensive demonstrations" were planned in Illinois to influence Senate Republican leader Everett M. Dirksen to change his stand against the public accommodations section of the bill.

Farmer, national director of the Congress of Racial Equality, said racial demonstrations would continue even if the civil rights bill is passed. "To enforce a public accommodations provision I anticipate we would have to go from restaurant to restaurant in many parts of Mississippi and Alabama," he said.

DRAFT REJECTES: The Selective Service System starts today its program to assist potential draftees who are turned down for military service because of educational deficiencies.

Such rejectees will be referred to employment service offices of the Labor Department, where they will receive special counseling and testing and will be referred either to training programs or to jobs.

The program will be applied initially to 23-year-olds called for induction. After July 1, all 18-year-olds will be tested at the time they register for the draft.

FOREIGN AID: Latin America may receive as much U.S. economic aid this year as it did last year, but other parts of the world are scheduled for a reduction.

Figures made available Sunday by the Agency for International Development showed that the fiscal 1964 allotment for the Alliance for Progress program will be between \$665.7 million and \$717.7 million, depending on how proposed projects measure up to Washington's standards.

This hemisphere received \$690.7 in U.S. economic assistance during the fiscal year that ended June 30.

U.S. economic aid to the near East and south Asia is expected to drop from \$947.2 million to \$807.5-\$827.5 million; aid to the Far East is due to fall from \$443.1 million to \$338-\$346 million; and the African program has been chopped from \$261.1 million to \$201.7-\$208.1 million.

Briefly Told

The Escanaba Exchange Club will meet at the House of Ludington at 7 p. m. Tuesday.

The Fraternal Order of Eagles will hold their regular semi-monthly meeting on Tuesday at 8 p. m. in the clubrooms. Many topics of interest will be discussed.

The Hyde 4-H Kings and Queens will meet at the Ford River Town Hall Tuesday evening, with Arnold Williams, manager of the Social Security office, the speaker. The board will meet briefly after the program.

John D. Baum, 623 S. 5th St., will attend a conference of Park, Davis & Co., sales representatives from 12 states at the Drake Hotel, Chicago, Feb. 21-22 on sales promotion plans for the latest developments in medicines.

Escanaba police have issued traffic court tickets to Arthur L. Jackson of K. I. Sawyer Air Base, Dale J. Villeneuve of Rockland, Ill., Patrick J. Scott, Gladstone Rte. 1, Brian L. Bergholtz, James A. Carlson, Rapid River, James R. Thompson, 1305 Dakota, Gladstone, and James A. Cook, 118, 1st Ave. S., all for speeding; Richard E. Puddy, 1118 1st Ave. S., failing to stop in the assured clear distance ahead; and Jack N. LaPine, Bark River Rte. 2, improper passing.

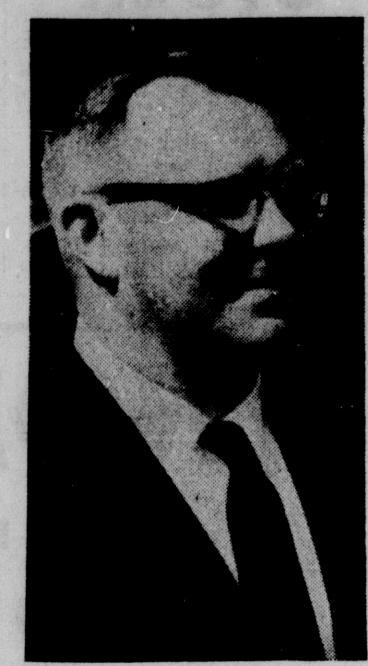

State Police are investigating the larceny of \$75 from the glove compartment of a car owned by Louis VanEnkevort of Rte. 1 Bark River, during the past weekend. Police report that VanEnkevort, who is a patient at St. Francis Hospital, had loaned the car to a friend, with the money in the compartment. At VanEnkevort's request the party using the car went to get the money and found it was missing. It is believed the theft occurred while the car was parked at a store in Hyde on Saturday.

Brazil had two emperors in its history: Dom Pedro and his son, Dom Pedro II.

Lee Is Adviser To Tech Group

HOUGHTON—The Board of Control of Michigan Technological University has appointed a five-member faculty group and three alumni to serve as advisors on the search for a new president. Dr. J. R. Van Pelt, Tech president since 1956, has announced plans to retire.

Dr. Raymond L. Smith, head of the Department of Metallurgical Engineering, will be chairman of the faculty group. Other members will be Dr. Donald G. Verg, director of graduate studies; Carmen DelliQuadri, professor of business and engineering administration; Raymond R. Chelberg, professor of chemistry at the Sault Ste. Marie branch campus and Dr. Eric Bourdo, director of the Ford Forestry Center at Alberta.

Russell Lee

Alumni advisors will be Albert W. Quandt, vice president and general manager of the Hamar-Quandt Co., Houghton, chairman; Louis J. Haga, Grand Rapids; and Carl G. Hogberg, Pittsburgh.

In other actions the Board: Authorized a request to the Michigan Legislature for permission to borrow \$225,000 to build the first of a cluster of four proposed self-liquidating residence units for women students. The first unit would house up to 60 women students and would be the first residence

Theft From Car Results In Jail For Local Man

Joseph E. Juneau, 23, of 212 S. 19th St., today pleaded guilty in Justice A. J. Mortier's court at Gladstone to a charge of receiving stolen property and was sentenced to 30 days in the county jail.

State Police of the Gladstone post arrested Juneau following an investigation that included a charge of furnishing beer to minors, for which he was sentenced to an additional 30 days in jail.

Officers said that Juneau had received \$75 which had been stolen from the glove compartment of an auto owned by Louis Van Enkevort of Bark River Rte. 1, and parked in Bark River last Friday.

Traffic Deaths Reach High 17

By The Associated Press
Seventeen persons were killed—the heaviest death toll of the year—in accidents on Michigan highways during the weekend. The deaths were counted by the Associated Press from 6 p. m. Friday until midnight Sunday.

Victims not previously reported include:

Walter Lebelt, 47, of Detroit, was killed Sunday night when his car went out of control near Ypsilanti and hit a guard rail.

Donald Bushard, 31, of Perry, died Sunday when his car ran off an Ingham County road and hit two trees.

Inez Roach, 73, of Lansing, was killed Sunday when the car in which she was riding hit a utility pole in Lansing.

Six-week-old Ambor Jarvis, riding with her parents, Mr. and Mrs. Jerrie Jarvis of Howell, was killed when their auto crashed into a bridge support Sunday.

Irene F. Lawrence, 55, of Orionville, was killed Sunday when her car and a freight train collided at a crossing in Holly Township, Oakland County.

Plane Missing Over Ohio With Four On Board

CLEVELAND, Ohio (AP)—An air search continued today for a missing twin-engine plane with four persons aboard, including a Detroit-area real estate man and his son.

The plane, piloted by James Mixon of Atlanta, Ga., left Detroit City Airport Saturday for the Akron-Canton Airport.

The Civil Air Patrol said passengers were Harry E. Black, 47, of Grosse Pointe Woods, a real estate representative of S.S. Kresge Co.; Black's 12-year-old son, Edward, and George Drake, 60, a Wilton, Conn., real estate developer.

CAP planes in Michigan and Ohio were hampered in their search early Sunday by poor visibility, but this condition improved later in the day. Twenty-five planes of the Ohio CAP searched some 8,000 square miles of northwestern Ohio until dark. A coast guard plane also joined the search.

FOR SALE

Surplus Electric Distribution System Equipment

The City of Escanaba, Michigan, proposes to sell on bid the following generally described electrical equipment, now surplus to the needs of our distribution system:

GROUP A—One (1) Substation 750 KVA, 12000 volts to 2400 volts, and associated equipment.

GROUP B—One (1) 1500 KVA Transformer and breaker assembly, 12470 volts Y to 2400 volts.

GROUP C—One (1) Lot assorted 2400-volt Distribution Transformers.

GROUP D—Two (2) 3-phase Voltage Regulators, 6600V plus or minus 10%.

For further information, contact W. J. Van Effen, Electrical Superintendent, Phone 786-0061. Prints and drawings available for examination at his office, 120 N. 8th St.

Bidders are invited to submit offers on their own letterhead in any desired combination of items. All sales will be handled on an as is and where is basis, net 30 days payment. Sealed bids identified "Electrical Equipment Offer" will be received in my office until 8:00 P.M. EST April 2, 1964 and publicly opened at the regular council meeting of that date.

BIRTH OF A WORLD FAIR—Although American attention is focused on the New York World's Fair, Canadians are preparing for their own World Fair, set to open in 1967. The exposition will be held on islands in the St. Lawrence River, just off the coast of Montreal. Much of the 600-acre site for the fair is being created by enlarging the islands. In this photo, a dike has been built to extend the area of St. Helen's Island and is ready for fill from the river bottom.

Unless you're a koala
and like to climb all day,

you need another telephone

If you're tired of running to another part of the house to answer the telephone, an extra phone will solve the problem.

Put a Princess® phone in your bedroom, for example, and see how many steps it saves you—and how much privacy it gives you when the youngsters are home. You'll enjoy a feeling of security from its dial, which glows softly at night,

then brightens when you lift the receiver, to make dialing easier.

Or maybe you need a handy, space-saving wall phone in the kitchen, where you can stir the gravy and keep an eye on what's cooking—all while you're taking or making a call.

To order your low-cost, step-saving extension telephone, just call our Business Office—or ask your Telephone Man.

 **Michigan Bell Telephone Company**

National Forest \$1 Camping Fee Posted For 1964

A service fee will be charged this summer for overnight camping facilities on 12 campgrounds in national forests in Michigan, Minnesota and Wisconsin. One dollar will be charged for each camper unit but day-use enjoyment of the other facilities is free.

Camping is still free on more than 150 other campgrounds in the national forests of the North Central Region.

"Trends foreseen in the 1962 report of the Outdoor Recreation Resources Review Commission are running true to form," said Regional Forester James of the Forest Service, U. S. Department of Agriculture in Milwaukee. "Increasing numbers of campers on the national Forests have brought overcrowding at peak periods, with conditions incompatible with camping in a forest environment. And, as land managers we are concerned also over the wear and tear of the land."

It is costing more to keep campgrounds attractive. Administration costs have risen. It costs more to police and to maintain campgrounds, to supply fuelwood, to empty garbage cans and to provide sanitary services.

According to James, the trend toward charging a service fee for campground facilities and services was foreseen also in the commission's report. Most campers accept the premise that they should pay a reasonable fee. "The fees charged," he added, "will defray the maj-

or portion of operating and maintenance costs. They will not cover amortization of the investment costs."

The fee will mean less crowding this summer for campers on the designated campgrounds in the Hiawatha National Forest in Michigan's Upper Peninsula and in the Manistee National Forest in Lower Michigan; in the Superior and the Chippewa National Forests in Minnesota, and in the Nicolet and the Chequamegon National Forests in Wisconsin. It will help lessen wear and tear of the soil.

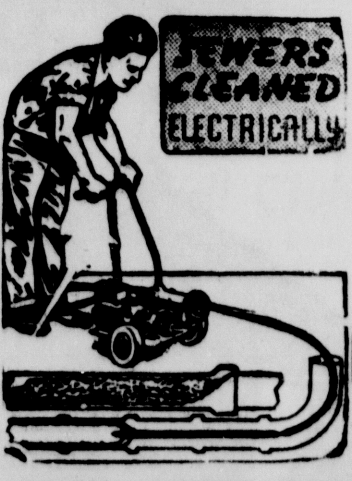

Service-fee earnings will go to the U. S. Treasury, as do other National Forest incomes, such as those from sales of timber and special-use permit fees. State treasuries will receive 25 per cent from the national government for apportionment amongst the counties containing acreages of National Forest lands. The counties spend their shares on schools and roads.

Hiawatha National Forest campgrounds subject to overnight camping service fees next summer will be the Monocle Lake and Brevort Lake campgrounds near Brimley and St. Ignace, respectively, and the Sand Lake campground near Manistee in the Manistee National Forest downstate.

In Wisconsin the Franklin Lake, Anvil Lake, Boulder Lake and Boot Lake campgrounds in Nicolet National Forest and Namekagon Lake campground in the Chequamegon National Forest are affected.

CONSTANT VIGILANCE—Silhouetted against the sunset, Hawk missiles at Key West face south, toward the Straits of Florida. The Hawk is a low-altitude, surface-to-air weapon with supersonic speed, a conventional warhead, homing radar guidance system, range of 25 miles and ceiling above 38,000 feet. These missiles are under the control of the North American Air Defense Command.

Women's Activities

Church Women Of Immanuel Meeting Tuesday

The Immanuel Lutheran Church Women will meet Tuesday, Feb. 18, at 2 p. m., at the church.

The program is in charge of Edith Unit and a film entitled "Alaska Discovery" will be shown.

Members of the Miriam Unit will be hostess for the social hour and have planned a birthday party with appropriate table settings for each month. Each member is encouraged to invite a guest.

Mary Zehner Will Meet With Extension Leaders

"Your Money's Worth In Meat" will be studied by Home Extension group leaders and Miss Mary Zehner, Consumer Marketing specialist, will lead the discussion at a meeting Wednesday, Feb. 19, at 10 a. m. at the Delta County Building.

Woman's Club Members Will Meet Wednesday

Members of the Escanaba Woman's Club will have their monthly meeting Wednesday at 2 p. m. in the Chamber of Commerce Building.

Richard Rinehart, president of Bay de Noc Community College, will speak on the school's program and Mrs. Delia Peterson will speak on matters pertinent to Delta Nursing Home.

A question and answer period will be conducted by Mr. Rinehart. Mrs. Richard Pryal is program chairman and hostesses are Mrs. Walter Bacon, chairman, and Mesdames John Lasnoski, Irene TenHaken, John Peltin, George Bathke, Robert Schatz, John Partridge and Howard Smale.

PTA Units Are Observing Founders' Day

The traditional P.T.A. Founders' Day program will be presented this evening at 8 in the Escanaba Senior High School Auditorium. Throughout the United States the public has been invited to attend similar observances marking the birthday of the P.T.A. movement.

The Parent Teacher Association has remained an organization devoted to the welfare of children and has no fund raising projects. However, through dues received from paid memberships, and locally, Halloween carnival projects, the Association has provided needed equipment for the schools. Although the Carnival project is primarily for the children's entertainment, funds raised each year at Halloween have supplied new books for school libraries, audio visual equipment and other valuable educational aids.

Treasuries permitting, the P.T.A. donations help support Cub Scout and Girl Scout activities in addition to other local projects. A used clothing and shoe collection in the schools aids needy children and also is P.T.A. sponsored. These and other services are in keeping with the P.T.A. objects:

To promote the welfare of children and youth in home, school, church and community. To raise the standards of home life.

To secure adequate laws for the care and protection of children and youth.

To bring into closer relation the home and the school, that parents and teachers may cooperate intelligently in the training of the child.

To develop between education and the general public such united efforts as will secure for every child the highest advantages in physical, mental, social and spiritual education.

Tonight's program is open to the public. Following the talk by Pastor Gordon Thorpe refreshments will be served and the P.T.A. birthday cake will be awarded.

Home And School At St. Anne's

St. Anne's Home and School Association will meet Tuesday at 8 p. m. in the library room of the school. Father Lawrence Gauthier of Holy Name School will be guest speaker. Mothers of the fourth grade will be in charge of lunch during the social hour. Lay teachers and Sisters will be in their rooms at 7 for parent-teacher conferences.

Social-Club

Beta Sigma Phi Members of Beta Sigma Phi will meet Tuesday at 7:30 p. m. at Carnegie Public Library. After the business session the group will go to the Melba Coan's Import Shop where Mrs. Coan will give a talk on imports.

Personals

Nieces and nephews attending the funeral of James Louis Nance, long time Trenary resident, held Saturday at Bowerman-Hallifax Funeral Home, Munising, were Mr. and Mrs. Floyd Flinn, Mrs. Nettie Seidl and Mrs. Arthur Beaudoin, Escanaba, Mr. and Mrs. Marion Sloan and Mr. and Mrs. Tom Hite, Gladstone.

Cana Conference Is Planned For Feb. 23

The Christian Family Movement groups of St. Anne and St. Patrick churches are sponsoring a Cana Conference Sunday, Feb. 23, from 2 to 5 p. m. in St. Patrick's parish hall.

Speaker of the conference will be Father Malcolm Maloney, O. F. M.

His address will be followed by a coffee break and a panel discussion in which participants will be Father Maloney, representatives of the medical profession and laymen. The conference will close with Benediction of the Blessed Sacrament and renewal of marriage vows.

The conference is open to the public and all interested couples are invited.

The committee on arrangements is:

St. Anne's, Mr. and Mrs. Frank Waitrovich, panel; Mr. and Mrs. William Huebler, publicity; Mr. and Mrs. Wayne Veraghen, refreshments; Mr. and Mrs. Peter Findley, question and answer period; Dr. and Mrs. Byron Zeni, literature.

St. Patrick's, Mr. and Mrs. Dale Vinette, panel; Mr. and Mrs. Rupert Priniski, publicity; Mr. and Mrs. John Lasnoski, refreshments; Mr. and Mrs. Dick Pryal, question and answer; Mr. and Mrs. Roger Herson, literature; Mr. and Mrs. Joe Heirman, information.

GLADSTONE

THE LIBRARY of the new Gladstone High School was one of the centers of attraction for visitors. Pictured there are (from left) the Rev. Meldon Crawford and Mrs. Crawford, Librarian Mrs. Dorene Anderson, and Mrs. John Norton Jr. (Daily Press Photo)

Briefly Told

The August Mattson American Legion Post will meet tonight at 7:30 p. m. Lunch will be served and movies shown.

John Stropich, of 1423 N. 19th St., reported to State Police that two 800 x 15 white sidewall tires were stolen from his car while it was out of commission and parked on County Road 426 about one and a half miles south of Watson this past weekend. Stropich told officers he had checked the car Saturday and everything was in order. However, Stropich said that when he returned Sunday morning he found the two tires had been taken from the car.

Calvin C. Loper, 59, of Rte. 1 Gladstone, reported to State Police that he struck and killed a deer on County Road 581 in Felch Township, about one mile south of Norway Lake, at 8 p. m. Sunday. Loper told police he was headed north when the animal jumped into the path of his car and he was unable to avoid hitting it. The Conservation Department was notified.

State Police of the Gladstone Post ticketed the following motorists for traffic violations over the weekend: Hildegard A. Ruleau, Rte. 1 Escanaba, allowing an unlicensed driver to drive; Matt J. Ledvina Jr., of Rte. 1 Cornell, no operator's license; Terrance J. McDonough, 1408 1st Ave. N., speeding; James J. Olson, 801 1st Ave. S., no valid operator's license; John J. Fournier, Rock, defective equipment; Carl W. Gerdeen, Rte. 1 Bark River, no operator's license and failed to transfer registration plates; Donald J. Jacobsen, Rte. 1 Escanaba, failed to stop for a stop sign; and David W. Segerstrom, Cooks, defective brakes.

Thousands Tour New High School

Well over 1,000 persons toured the new Gladstone High School addition at open house Sunday afternoon, expressing satisfaction in the appearance quality of the new educational facilities.

Members of the Gladstone board of education and school officials greeted the visitors here and there about the building, and assisted them in understanding and appreciating the new building and its equipment.

Newberry

The Newberry State Hospital Employees Union Local 1356 is sponsoring a benefit dance for the handicapped children of Luce County and proceeds will be donated to Bay Cliff Health Camp.

The dance will be Saturday, March 14 at the Pentland Township Hall beginning at 9:30 p. m. Jack Kiley's Quartet will supply the music. Tickets are available from any Local 1356 member or may be obtained at the door.

Mr. and Mrs. Allen Somers, former residents, are here visiting their sons, William, Bob and Richard.

NICKNAME
Lancelot Brown, 18th century English landscape architect, was known as "Capability" Brown from his habit of saying that he could see capabilities in the estates he was called upon to improve, according to the Encyclopedia Britannica.

Woodsman Hit By Falling Tree

Fritz Bjurman, 57, of Rte. 1 Rapid River, is reported in fair condition today at St. Francis Hospital where he is being treated for head injuries sustained while he was cutting trees Saturday afternoon in Bay de Noc Township.

State Police reported that Bjurman was cutting pulp wood and logs with his son Harold, 35, when the branch of a tree being felled broke and struck him on the head.

The mishap occurred about 3 p. m. and Bjurman was rushed by ambulance to the hospital.

MANISTIQUE

MARTIN MILLER, superintendent of the Michigan Conservation Department fish hatchery at Thompson, looks over large pine logs cut in a project east of Dodge Lake. The cutting is in an old stand in a swamp, now accessible due to road construction. The logs will be cut for timber to be used in the three U.P. hatcheries of the Conservation Department and in stream improvement work. One tree was 42 inches butt diameter and yielded 685 board feet. Another gave 18 logs, including those cut from large branches. (Daily Press Photo)

Hatchery Crew Cuts Big Pine

Some prime timber, including a log 42 inches in the butt and producing 685 feet in a 12-foot section is being harvested by Thompson fish hatchery in a project to provide lumber needs of the three Upper Michigan fish hatcheries and for lake and stream improvement work. The latter includes a fisherman's foot bridge over the Two-Hearted River in a miniature Mackinac Bridge design.

Thirty-five thousand feet of pine, some hardwood and some cedar will be cut on the state forty 13 miles east of Dodge Lake near Hickey Creek. The swamp area is being logged through the cooperation of Wilfred Wallace, district forester for the Conservation Department. A new road makes the area accessible.

A crew of 10 men is engaged in the project which uses mechanized equipment, including chain saws. Two trucks make two trips daily to bring the logs the 30 miles to Thompson. Some logs are so large only two can be hauled, plus a couple small sticks in one load. One 1500-foot load had only four logs in it.

Dump rack trucks with bunks are used to bring the logs in. A caterpillar tractor has to be used to roll some in the woods, as the logs are too large for hand tools like peaveys and canthooks.

The big log of the Conservation Department project is a second largest to one which yielded 700 feet in the Hedberg private logging project nearby. A portable sawmill will be brought from the Casino Station to Thompson to cut lumber for the state hatcheries at Watersmeet, Marquette and Thompson.

Hatchery employees as well as inmate labor work on the woods project, underway seven days and scheduled to be completed in another seven. Martin Miller, hatchery superintendent, is in charge.

They also will be working on the sawing project. The logs are being cut in 8, 10, 12 and a few 16-foot lengths, and lumber in various thicknesses and lengths will be cut. Some logs too large for the portable mill will probably be cut at Baraga. The lumber is custom dressed when necessary by private mills.

The Thompson hatchery has been cutting timber each winter the past eight years. This is the best timber it has harvested, as most taken earlier was small and not as straight or knot-free.

The Hickey Creek stand is being thinned and having mature trees removed. Some logs have hollow cores with just a thin rim of lumber producing area, while others are sound. One tree gave 18 logs, with branches yielding logs the size harvested in average timber stands, Miller said.

The stand is believed to have been left over from big pine logging days, as having been too small then. Some of the trees are being left for future growth, with only thinning now. The swamp has an ice cover of 2 to 4 inches, which breaks when equipment moves over it, but tractors are kept dry.

Apprehend Two In Stolen Car

State Police have turned over 14 and 15 years of age over to Royal Oak authorities after their apprehension Saturday noon on U. S. 2 near the Schoolcraft airport in a stolen car. The car had been stolen Friday night in Grayling by the two, who there had abandoned another car stolen in Oakland County. The boys were pursued by officers about three miles before stopped. Public Safety Officers of Manistique assisted.

Hospital

Discharged from Schoolcraft Memorial Hospital were Debra Wildfong, Rte. 1; George Whitcomb, Cherry St.; Delores Fitzpatrick, Dollarville; Bernard St. Andre, 807 Garden Ave.; Reino Kehvaka, Germfask; Lisa Lucas, Garden, Dixie Marks, 217 N. 2nd St.; and Leo Boddette, Garden.

Anna Sauheitt Passes Today

Miss Anna Sauheitt, 74, of 115 N. 4th St., died at 2:30 a.m. today at Ferguson Hospital in Newberry. She was born March 15, 1889 in Manistique and was a lifelong resident of the city.

She had been a nurse for many years after training in the nursing school at Sault Ste. Marie.

Surviving are two brothers, Lewis and Anton Sauheitt of Manistique, and two nieces, Mrs. Hector Poupour of Manistique and Mrs. Clayton Morton of Dafer.

Friends may call at the Messier-Broulliere Funeral Home after 2 p.m. Tuesday. Liturgical prayers will be recited at 8 p.m. Tuesday in the funeral home and funeral services will be conducted Wednesday at 9 a.m. in St. Francis de Sales Church. Burial will be in Fairview Cemetery.

Mrs. Smith, 67, Dies Sunday

Mrs. Martha L. Smith, 67, of Manistique Heights, died at 6:15 a.m., Sunday in Schoolcraft Memorial Hospital where she had been a patient three days.

Born in Manistique Township Dec. 15, 1896, she was a lifelong resident and a member of Kates Bay Extension Club, Royal Neighbors, the Manistique Heights Wednesday Circle and Bethel Baptist Church and its Kings Daughters.

Mrs. Smith was head cook at Schoolcraft Memorial Hospital from its opening in 1950 until her retirement in March 1962. Before that she had cooked at Blaney Park 14 years. She had been in failing health five months.

Surviving are two daughters, Mrs. Francis (Gertrude) Hoholik, Manistique, and Mrs. Bernard (Fern) Grenier of Garden and a brother, Otto Schubring of Manistique.

Funeral services will be conducted in Bethel Baptist Church at 2 p.m., Wednesday. Burial will be in Fairview Cemetery.

Friends may call at Messier-Broulliere Funeral Home from 10 a.m., Tuesday. The body will lie in state at the church from noon Wednesday until the funeral hour.

Briefly Told

Two Couples Win Honors At Good Will Club

When the Goodwill Club met Thursday for a pot luck supper at Maple Grove Hall, the winners in card games were husband and wife teams. Clifford Christensen took high men's honors, and his wife was high for the women. Similarly with the low award, Gust Larson was the winner in the men's division, his wife was the winner in the women's division. Mrs. Maynard Blandford won the special award.

Cuba's flag first was raised as Cuba's official emblem above Morro Castle, Havana, in May 20, 1902.

Upper Peninsula Boxers Win Six Bouts

Esky Fighters Bow In Green Bay Bouts

By RAY CRANDALL
(Press Sports Editor)

GREEN BAY—The Upper Peninsula Golden Gloves boxing team, weakened by injuries and drop-outs turned in a spectacular performance against heavy odds here Saturday night against champions from the Fond du Lac tournament.

Fighters wearing Upper Peninsula colors pounded out six victories in the 11 bouts in which they competed, staging a tremendous rally late in the program which drew a large crowd at spacious Brown County Arena. All but blanked in the novice division in which they usually dominate the Green Bay bouts, the Upper Peninsula titlists showed surprising strength in the open division in which they chalked up four straight victories.

Winners of Green Bay championships will advance to Kenosha on Thursday, Feb. 20, to meet Kenosha champions in both the open and novice divisions. The open winners that night will advance to the national Golden Gloves finals which open in Louisville, Ky., on Feb. 24. Kenosha is the end of the trail for novice boxers.

Esky Boxers Bow

Escanaba boxers, who had captured team honors in the recent Upper Peninsula tournament, were mowed down in

BOHAN HONORED

Jerry Bohan of Menominee received the sportsmanship trophy for his performance against Stan Dorff in the 147 pound novice bout. John La-Tourneau of Fond du Lac, 175 open champion who defeated Al Anderson of Milwaukee, was named the outstanding fighter. Jim Baughman, who was whipped by Formus White of Sawyer Air Base in the 175 novice bout, was named most courageous.

the Green Bay battles. All four of Coach LeRoy Sovey's Escanaba champs suffered defeat and three of them failed to go the distance.

Menominee and Sawyer Air Base scrappers salvaged honors for the Upper Peninsula team. Dick Schomer, Tim Davis and Ted Beaudou of Coach Bobby Hansen's Menominee team registered victories. Air Force fighters capturing crowns for Coach John Granger were Art Lopez, Frank Ciriza and Formus White.

Escanaba boxers suffering setbacks were Roland Vanderlinden, Ron Lindstrom, Pud Blowers and Terry Sovey, substiting for injured champion Fran Roberts. Jerry Bohan of Menominee also tasted defeat.

Vanderlinden bowed to Pete Okimish of Keshena on a TKO in the second round when referee Don Dickinson stopped the bout at 1:20 with the Escanaba boxer bleeding badly from the nose. Okimish scored with hooks to the head with both hands while Vanderlinden countered with straight right, but was unable to avoid his foe's heavy artillery in the 188 pound novice battle.

Don Askinett had too much experience for Sovey in the 126 novice finals. The Neopit boxer, representing Fond du Lac for the second straight year at this weight, pumped solid rights to the head in the first round and dropped Sovey with a left hook in the second before the referee stopped it at 1:19.

Lindstrom, U. P. 135 novice kind, was staging a spectacular third round comeback against Paul Boiven of Neopit when the Escanaba boxer suffered a deep cut over his left eyebrow. Lindstrom was down from a left hook in the first round but had taken command with a damaging flurry in the third before Dickinson was forced to call a halt with 1 minute remaining.

Blowers got off to a slow start in his 160 novice bout with Jim Uttendorfer of Oakfield but warmed to his task in the second round, scoring with jolting lefts against his hooking opponent.

Crowd Displeased

Blowers shot home a straight right and a left to the jaw to stagger Uttendorfer in the third round and the crowd was dumbfounded at the decision for the Wisconsin boxer. Most impressive of the Sawyer winners was White, the 175 pound novice champion, who faced a rugged slugger in Jim Baughman of Sheboygan in one of the best fights of the night.

White decked his foe with a blasting right in the first round and jolted him with solid shots in the second. The Air Force puncher whipped home damaging combinations in the third round as Baughman faded badly. A steady stream of rights and lefts to the head prompted the referee to stop the bout at the 1:58 mark.

Art Lopez, Sawyer's 112 open champ, dropped Charles Tourtlotte of Neopit three times in the third round and the third time it was for keeps. Lopez jabbed and moved against his stocky foe and scored with a damaging straight right in the second to set the stage for the knockout which came at 1:35 of the third.

Beaudou Impressive

Sawyer's Frank Ciriza, 126 open titlist, put on a classy boxing demonstration to outpoint Jack Okimish of Neopit. Ciriza shook up Okimish with solid shots in the first and second rounds before tiring in the third.

Tim Davis, Menominee novice flyweight, gave the Upper Peninsula its first champion in the opening bout on the program. Davis took all three rounds from Lew Boyd of Neopit.

Dick Schomer, Menominee open bantamweight, decisioned Colin Caldwell of Neopit in a fast bout in which Schomer pressed the attack for three rounds.

Ted Beaudou, Menominee open middleweight, punched out an impressive decision over Gary Weiler of Marshfield. Beaudou took all three rounds and floored Weiler with a sledge hammer right to the head in the third.

Summary:

112 Novice
Tim Davis, Menominee decisioned Lew Boyd, Neopit

118 Novice
Pete Okimish, Keshena TKO'd Roland Vanderlinden, Escanaba, 2nd

126 Novice
Don Askinett, Neopit TKO'd Terry Sovey, Escanaba, 2nd

135 Novice
Paul Boiven, Neopit TKO'd Ron Lindstrom, Escanaba, 3rd

147 Novice
Stan Dorff, LaCrosse decisioned Jerry Bohan, Menominee

160 Novice
Jim Uttendorfer, Oakfield decisioned Pud Blowers, Escanaba

175 Novice
Formus White, Sawyer TKO'd Jim Baughman, Sheboygan, 3rd

112 Open
Art Lopez, Sawyer KO'd Charles Tourtlotte, Neopit, 3rd

118 Open
Dick Schomer, Menominee decisioned Colin Caldwell, Neopit

126 Open
Frank Ciriza, Sawyer decisioned Jack Okimish, Keshena

160 Open
Ted Beaudou, Menominee decisioned Gary Weiler, Marshfield

Formus White

Rapid River Wins Junior High Tourney

Rapid River Junior High basketball team is the winner of the Central League 7th and 8th grade championship. The tournament was held at Perkins High School where Rapid River played Perkins and won 25-22.

Rapid River was the winner of the South Section which includes Cooks, Nahma, and Garden. Perkins was the North Section winner with schools from Eben, Trenary, and Rock.

THE "GRANDDADDY" of ski jumps—Suicide Hill in Ishpeming—will be the site of the national jumping championships the coming weekend. Competition is scheduled for both Saturday and Sunday. Improvements at the hill include provision for parking 3,000 cars, 500 more spaces than were available when the United States Olympic trials were held there last winter.

Ishpeming Hosts Top Ski Jumpers

ISHPEMING—America's top ski jumpers have started to arrive here in preparation for their attempts to take national championship trophies in competition on Ishpeming's famous Suicide Hill.

Ishpeming, the birthplace of the United States Ski Association, again will be in the national winter sports spotlight Saturday and Sunday, Feb. 22-23, when it hosts the national jumping tournament and the 60th anniversary celebration of the USSA.

Saturday, Feb. 22, will see jumpers competing in the Paul Bieltla Memorial and 77th annual Ishpeming Ski Club tournament, then on Sunday the National tournament will be conducted. Jumping on Suicide Hill—scene of last year's American Olympic tryouts—will begin at 1:30 p.m. each day.

Concluding event of the annual ski weekend will be an awards ceremony in the United States Ski Hall of Fame at 6 Sunday evening.

The United States (formerly National) Ski Association's 60th birthday will be celebrated at a program at 8 p.m. Friday.

Feb. 21, in the Ishpeming National Guard Armory. Speakers will include Dr. Merritt Stiles, Spokane, Wash., USSA president; Ralph DesRoches, Ligonier, Pa., chairman of the U.S. Ski Team Fund for the 1964 Olympics, and Michigan Governor George Romney.

Other events scheduled in connection with the national meet are a skiers' "open house" at 7:30 p.m. Saturday at the Ski Hall of Fame and Ishpeming's annual Snow Ball in the Mather Inn at 9 Saturday night.

The national ski jumping committee will meet Saturday and Sunday mornings, with Chairman Harold Rud of Chicago presiding.

Visitors to Ishpeming are especially invited to visit the U.S. Ski Hall of Fame, located near the city's Al Quail Recreation Area. Tours of the museum can be made at any time of the year, "but we want to extend a special invitation during tournament time," Burton Boyum, curator, said. Trophies, plaques, medals, historical documents and skiing antiques placed in the Ski Hall of Fame now are valued at more than \$50,000.

American Loop Summit Meeting Slated Friday

BOSTON (AP)—The American League lost the World Series, the All-Star Game and attendance last season. Now comes a Feb. 21 summit meeting when fellow owners decide whether to lose Charles O. Finley.

Time twice has run out on deadlines for Athletics' owner Finley to sign a lease with Kansas City officials.

So far, there's no agreement reached or action taken. Midnight Saturday passed and Finley's adamant two-year - or nothing lease stand appeared to stymie the AL as effectively as Sandy Koufax had the pennant-winning Yankees.

President Joe Cronin took the first step Sunday by announcing the Friday meeting to which Kansas City officials are invited.

Cronin hints the owners may be ready to carry out their threat to oust Finley, made at the last owners' meeting Jan. 16 when Finley's request to move the franchise to Louisville was killed 9-1.

Finley reaffirmed Sunday night he would be at the controls when Kansas City opens the season.

Since the previous owners' meeting, Finley has threatened a law suit if the league attempts to take away his franchise and retained famed trial lawyer Louis Nizer.

Finley, who also made a commitment to move his team to Oakland and may make the proposal at the forthcoming meeting, did have this to say:

"The ball club never has been for sale, it's not on sale today, nor will it be tomorrow. I would not sell the ball club for \$10 million. I'll be in Boston for the meeting Friday."

Finley's reference to not selling concerned an alleged offer to sell for \$7 million, which he called a "manufactured lie." Finley remains firm on the two-year lease. Kansas City officials had insisted on four years or more until an 11th

hour, three-year compromise was suggested by city councilman John Maguire Saturday.

That proposal died amidst questions of delegates authority, sincerity and aptness of thought.

Teams To Play For Grade Cage Crown Tonight

Sunday Results
St. Pat's 38, All Saints 17
St. Thomas 37, Flat Rock 30
St. Anne's 45, St. Joe 43

St. Pat's and St. Thomas notched victories Sunday to remain tied for first place in the second half final standings of the Grade School basketball league.

The teams will meet in a playoff game this evening at 7:15 at St. Pat's for the second half championship. St. Pat's won the first half title.

The annual post season tournament will begin Thursday night and run through Sunday afternoon.

Highlighting Sunday's games was a 45-43 upset by St. Anne's over St. Joe.

Nine U. P. Quints Finish Cage Slate

By JIM TRETHEWEY

MARQUETTE — A week early, nine Upper Peninsula high school teams finish their regular season basketball competition this week.

The list includes three quints figuring largely in post-season tournament consideration — Marquette in Class A and Ironwood and Marquette Bishop Baraga in Class B. Also finishing their schedules and then relaxing for a week prior to district action are Vulcan, Michigamme, Grand Marais and Marenisco in Class D and Stambaugh and Manistique in Class B.

Ironwood, buoyed by its thrilling victory over Ishpeming and a follow-up triumph over Maple, Wis., to keep alive its hopes for a share of the Michigan-Wisconsin Conference crown, has only Bessemer 0-12 left to play. A victory over the Speed Boys will give the Red Devils a 12-4 record, identical to last year's and make them a favorite to reach the regional round of March cage combat again.

Final games for the two Marquette prep outfits will be more difficult. Graveraet, defending Class A champion and given at least a 50-50 chance of repeating, will host Gwinn, a team it managed to down by only two points earlier in the season. Coach Fred Taccolini's Redmen need that victory to equal

last year's win production.

Marquette Baraga already has won No. 9—the same number it had a year ago — and is assured of a winning season regardless of what it does against Negaunee and Sault Lorette this week.

Both Graveraet and Baraga are playing fever games this year, principally because they took part in the 1962 holiday tournament and were left with open dates when the event was cancelled this winter. Suggestions that the teams play each other in the final week of the season have been heard, but it's doubtful that they will meet this year. The two schools have not clashed on the basketball court since World War II, although such an attraction would be virtually certain of a "full house" in any of the city's gyms.

Bishop Baraga — regarded as the "darkhorse" of Class B — will go into its game at Negaunee Friday night riding the crest of a five-game winning streak. Negaunee started out strong, but has given up 322 points in its last four games and now has a 7-7 mark. This game could be a preview of one of the district Class B clashes in this tournament along with Ishpeming and Gwinn.

Conference championships already have been won out-

right by Nahma of the Central U. P. League, Carney of the Big Nine and Negaunee St. Paul of the Mid-Peninsula, while Pickford of the Eastern U. P. and Niagara of the Menominee Range has clinched at least co-titles. Most important league game of this week's schedule is a Mass-Trout Creek meeting that could decide the Porcupine Mountains race.

Tuesday

Iron Mountain at Norway
Alpha at Pembine
Vulcan at Channing
Trenary at Cooks
Doelle at National Mine
Marenisco at White Pine
Trout Creek at Mass
Iron River at Bessemer
Perkins at Rapid River

Wednesday
L'Anse at Baraga
Nahma vs. Champion at Negaunee

Friday

Class D Cage Drawings Set At Manistique

MANISTIQUE — Drawings for the Class D district basketball tournament to be staged here the first week in March will be held Tuesday, Feb. 25, at 4 p.m. at the high school physics lab. It was announced today by William Cook, athletic director.

Tournament games will be played March 3, 5 and 6. Teams competing will be Cooks, Engadine, Garden, Nahma and Grand Marais.

proved

improved

The one on top is a world famous legend. The one below it is the same legend redesigned into an all new station wagon.

It has the deluxe interior appointments and comfortable ride of a fine passenger car... carries six big adults plus more luggage and equipment than you can imagine. It's powered by America's only automotive overhead cam engine, the high torque Tornado OHC... offers optional extras such as automatic transmission, independent front suspension, power steering and power brakes. But the all new Wagoneer is really a 'Jeep' vehicle at heart.

The 'Jeep' Wagoneer goes up steep hills, over rough rugged terrain and through snow and mud that leave other cars helpless. And around slippery turns that cause fishtailing and skidding, it hugs the road with traditional 'Jeep' traction.

The big reason is 4-wheel "Drivepower." All four wheels are power wheels instead of just two. Take a demonstration drive soon. You've never driven a car that can do the things this one can.

Wolverines One Victory From Big Ten Cage Title

By The Associated Press
One more victory will assure Michigan of at least tying its best basketball season record ever—and the record was set 45 years ago.

But Minnesota, third in the Big Ten, is likely to put up more of a battle Tuesday night than last place Indiana did Saturday. League-leading Michigan whipped the Hoosiers 99-87.

Michigan State, meanwhile, after snapping a three-game losing streak by smothering Iowa 107-82, can swing its season record up to the 11-10 mark by beating Illinois tonight.

Detroit and Western Michigan suffered setbacks in one of the state's busiest college basketball Saturdays in recent weeks. A last-second Xavier jump shot beat the Titans, 114-112, in Detroit, while powerful Creighton, visiting from Omaha, Neb., whipped Western 88-72 at Chicago.

Wayne State Rallies

In other games, Wayne State came from behind to edge Western Reserve of Cleveland 76-73. Indiana Tech bombed Northwestern 127-104. St. Norbert's, Wis., beat Michigan Tech 88-68. Ferris State downed Hillsdale 52-41. Lawrence Tech edged Rio Grande, Ohio, 83-80, and Spring Arbor blitzed Detroit Tech 117-42.

In MIAA action, Calvin held on to the league lead with an exciting 92-90 victory over Kalamazoo. Adrian defeated Albion 79-75 and Alma crushed Olivet 105-54. Aquinas outlasted another MIAA team, Hope, 113-109 in a non-league game.

Michigan, No. 2 ranked nationally, now is 8-1 in the Big Ten and 17-2 overall. Its best record in history was 18-9 in the 1918-19 season.

"This team has the most brute manpower I've ever seen in 26 years in the Big Ten," said In-

diana coach Branch McCracken, whose team now has a 5-8 record.

Balanced Attack
In a balanced attack, Bill Buntin, Cazzie Russell, Larry Tregoning and Bill Cantrell shared almost equally in 84 of Michigan's 99 points.

Seven Michigan State players hit for double figures as the Spartans equalled the Jenison Fieldhouse scoring record at East Lansing. Stan Washington led with 28.

MSU now is 4-6 in the league and 10-10 overall. Iowa's marks are 2-5 and 7-9.

Creighton pushed its record to 18-5 as it handed Western its 13th loss in 21 games. Fritz Pointner contributed 27 points and the Bluejays' All-American, Paul Silas, garnered 21 rebounds while scoring 15 points. Manny Newman led the Broncos with 22 points.

Indiana Tech never trailed in making Northwestern its 21st victim. The Hoosier team has lost only four games. Northwestern, now 11-7, had the game's high scorer in Jerry Pettway, who canned 31 points.

St. Norbert evened its season record at 9-9 at the expense of Michigan Tech, which now stands 4-11. Bill Massey led the Huskies with 17 points. St. Norbert's Leroy Weyenberg scored 26.

Tough Defense

Ferris State's defense held Hillsdale to just two field goals in the second half as Ferris won its eighth straight and 14th in 18 this year. Bernie Kilpatrick led the onslaught with 15 points. The Dales, now 6-17, got 7 from Phil Rabaja, including 15 at the foul line.

Don Numbers poured in 27 points as Adrian posted its sixth league victory against four losses.

es. Albion stayed close after trailing, 42-39, at the intermission, but Jerry Chandler's 16 points weren't enough. The loss was Albion's seventh against two league victories.

Hapless Olivet lost its 12th straight to Alma, and dropped to an 0-8 record in the MIAA. Bud Acton led the winners to their seventh league victory

against two losses with 38 points. Jim Everett had 15 for Olivet.

Hope, pressing to get the ball, gave Aquinas all the free throws it needed to win in the final second of another high-scoring thriller. Ron Venhuizen had 36 for Hope, and Ray Bauer netted 33 for Aquinas. Both teams now stand 9-9.

Mets Tie Mets; Baseball Begins Spring Training

By The Associated Press
The New York Mets played the first major league intrasquad game of the spring training season, but were unable to beat themselves.

That was the story Sunday at St. Petersburg, Fla., as the Mets played the Mets to a 2-2 tie while most of the interest centered on two young pitching prospects—Jerry Dean Hinsley, who has come out of left field, and Dick Selma, who has come out of the right school.

Hinsley, an 18-year-old high school phenom at Las Cruces, N.M., did most of his pitching down the left field line for Pittsburgh's Kingsport, Tenn., farm club last year, as the Pirates tried to keep his obvious talents hidden.

The Pirates, hoping to keep Hinsley out of the first-year draft, went so far as to keep him out of competition and did not even issue him a uniform number in an effort to keep him out of sight. But the Mets' spy system found out, and Hinsley was drafted at the winter meetings.

So Sunday, Hinsley went to the mound for the first time as a pro with a number on his back, and plenty on the ball. He pitched to six men, struck out one, walked none, and did not allow a batter to reach base, displaying a workable curve to go with a good fast ball.

"He has form," said Casey Stengel, the 73-year-old Mets manager. "He could be a ball player. He has a shot at it."

"It" would be a job with the Mets. But of all the young pitchers with the club, the 20-year-old Selma has the best chance of sticking because he has that added bit of experience.

Selma is a graduate of the same Fresno, Calif., high school that produced Dick Ellsworth of

the Chicago Cubs and Cincinnati's Jim Maloney, both 20-game winners last season.

Stengel was impressed with his first efforts. Selma also faced six batters, allowing two hits, but proved a sure fielder by grabbing four grounders. He also showed more poise than Hinsley.

While the Mets were getting away to probably the earliest start in baseball history, other clubs still were trying to sign their players.

The San Francisco Giants came up with the biggest name during the weekend by signing outfielder Willie McCovey for what may be the biggest pay raise on the team an estimated \$15,000 boost to \$40,000. McCovey hit .280 last season, hammering 44 homers and driving in 102 runs.

In other National League signings, shortstop Dick Schofield agreed to terms with Pittsburgh and Cincinnati signed five—outfielders Tommy Harper and Mel Queen, infielders Cesar Tovar and Tony Perez and pitcher Larry Dovel.

Pitcher Ralph Terry signed with the New York Yankees, outfielder Boog Powell with Baltimore, outfielder Tony Oliva with Minnesota, pitcher Bennie Daniels with Washington and seven signed with Boston—outfielder Roman Mejias, catcher Russ Nixon and pitchers Arnold Earley, Jerry Stephenson, Pete Smith, Pete Charton and Jack Gaines.

Veteran Wins Golf Honors

MARACAIBO, Venezuela (AP)—The confidence of an old pro brought Art Wall Jr. the Maracaibo Open golf crown but four sub par rounds didn't hurt the effort.

Wall, who won the San Diego Open before competing at this first tournament on the four-star Caribbean circuit, was down by a stroke to defending champion Jim Ferree and young Jay Dolan at the start of Sunday's final round.

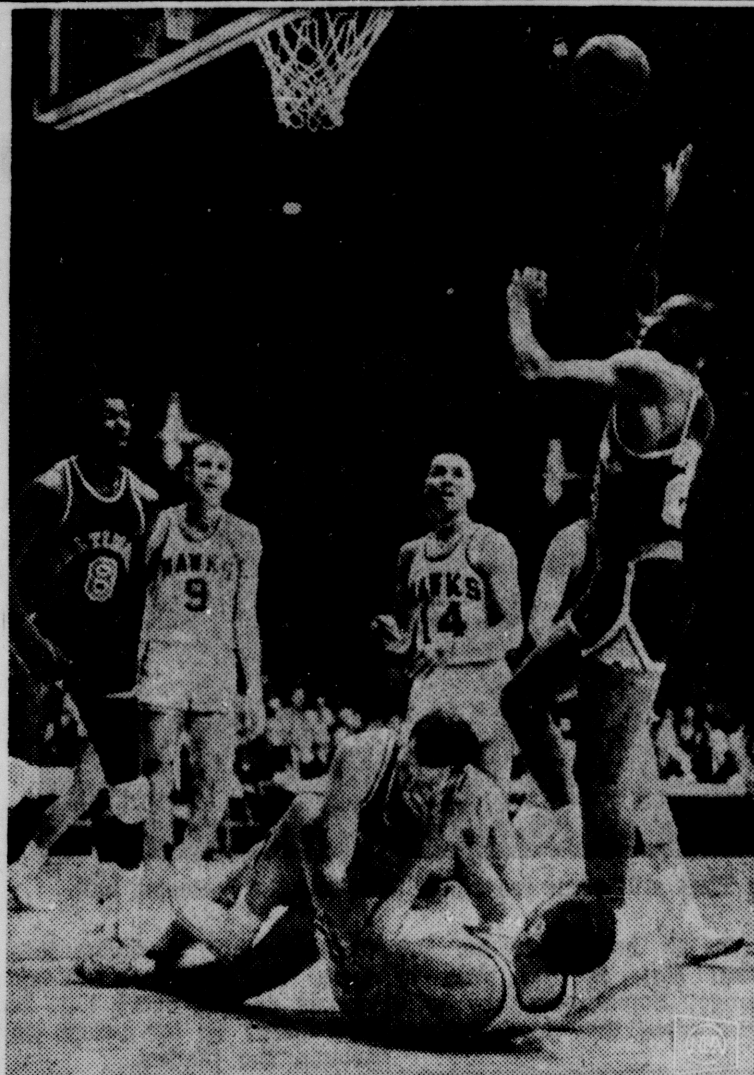

The Pocomo Manor, Pa., veteran unleashed a wicked putter, picking up four birdies and an eagle in the last seven holes to card a one-under-par 71 and record-shattering 280 for the tournament. He shot 69-69-71 in the first three rounds over the Maracaibo Country Club course.

Ferree, of Aiken, S.C., double bogeyed the first hole, bogeyed the second and shot a 75 for 283 and second place. Dolan of Leicester, Mass., skyrocketed to 76 and a third place tie with Hector Alvarez, whose 68 was one of the best round Sunday.

The victory was worth \$1,300 to Wall and meant the first step towards the \$5,000 Seagram Cup awarded to the over-all points leader of the tour. Next stop on the circuit the Caracas Open starting Thursday.

In addition, last year's 50 top money winners are qualified, including Dave Hill of Jackson, Miss., who was 41st in the list with \$18,906 in winnings.

The New York Mets batted .219 as a team last season. It was the low figure in the National League. Houston hit one point higher.

HEY! THE GAME'S UP HERE—Gene Tormohlen, of the St. Louis Hawks (on the floor) and the Baltimore Bullets' Barney Cable (on top of Tormohlen) seem to have forgotten that the basketball game at St. Louis is being played in the air. The basket Gus Johnson is tossing was disallowed as Cable was charged with offensive foul before the shot. Watching action are Bullets' Walt Bellamy, 8, and Hawks' Bob Pettit, 9, and Len Wilkens, 14.

Preps, Colleges Fight TV Plans

KANSAS CITY (AP) — The NCAA and a national high school organization have taken a strong stand against television of pro football on Friday nights, contending the plan violates the spirit and the intent of the federal antitrust law of 1961.

The NCAA, with 613 colleges as members, asked the Senate Judiciary Committee to investigate and should it find the plan isn't a violation, to consider amending it to prevent any Friday night telecasts by the pros.

Walt Byers, NCAA executive director, said the 1961 law specifies pro teams may not televise their games on Friday night or Saturday from any station within 75 miles of a college football game. Byers said there is no reference to high schools.

The American Broadcasting Co., which has signed the Ford Motor Co. as sponsor, contends the five National League games it plans to show next fall aren't covered in the 1961 law, because the games are being negotiated with individual clubs and not the NFL.

Byers in a statement authorized by the NCAA's legislative and television committee said Saturday the plan is a violation "because available evidence suggests coordinated action by the parties involved and an agreement not to respect the blackout provisions of the law."

He added the "indifference of professional football to the estimated 18,000 high schools, the

bulk of which play their games on Friday night" is intentional.

In Chicago, Clifford Fagan, executive secretary of the National Federation of State High School Athletic Associations, declared the pro games "quite obviously would work havoc with the high school football program."

Fagan called for a coordinated, vigorous protest by his group's 20,111 members, most of which play football.

Michigan Trips Spartan Sextet

By The Associated Press
League-leading Michigan dumped Michigan State twice over the weekend in Western Collegiate Hockey Association action, but Michigan Tech had to settle for a split with North Dakota.

The Wolverines boosted their WCHA record to 7-1 with a 7-2 victory over the Spartans Saturday night. Gary Butler contributed three goals. The Wolverines also beat MSU Friday night.

North Dakota earned a split in its weekend series against Michigan Tech at Grand Forks, N.D., with a 4-1 victory Saturday night. Tech won the Friday night game.

The victory kept North Dakota ahead of Tech in the WCHA race with a 4-5-1 record to Tech's 3-5-0.

In another WCHA game, Colorado College beat Minnesota 7-6.

Tigers Begin Spring Drills

LAKELAND, Fla. (AP) — Manager Charley Dresen started getting down to serious business today in the Detroit Tigers' early spring training camp.

The Tiger pilot, beginning his first full season with the club, ordered regular work for his youngsters after weekend introductions all around.

Arriving late, among others, was veteran infielder Jake Wood. No one was penalized. Wood missed the last two months of the 1963 season because of an injured hand.

Also coming to camp were Purn Goldy, heavy-hitting rookie outfielder, and Jack Hamilton, pitcher acquired from the Philadelphia Phillies.

College Coaches Wait For Bids To Tournaments

By The Associated Press

A number of college basketball coaches and athletic directors are sitting nervously beside telephones today. For some of them, it will ring once. For some twice. For some not at all.

They're waiting for the word from the National Invitation Tournament and the National Collegiate Athletic Association, which start picking the fields for their tournaments, the two major post-season attractions.

Fifteen of the 25 berths in the NCAA tournament are reserved for conference champions, but the other 10 go to at-large teams. The NCAA started bidding for those 10 teams today, one hour before the NIT can put in its bids for the 12 teams that make up the field for the Madison Square Garden attraction.

Three highly successful independents, Villanova, DePaul, and Oregon State, are virtually assured of bids to each. In such a case, the school can make its own choice.

Villanova, with victories over Duquesne, 73-63, and Canisius, 73-58, last week, is ranked eighth in the nation on a 19-3 record. There are indications it would prefer the NCAA spot if offered, but would be one of the big attractions for the NIT.

Oregon State, No. 9 in the nation, pushed its record to 21-3 with a 76-72 decision over Seattle last week and DePaul, No. 10, is 16-2 after victories over Marquette, 72-69, and Western Ontario, 98-58.

Temple is the first team to be assured of a tourney berth, having wrapped up the Middle Atlantic championship and a spot as a conference boss in the NCAA.

Huega Whips Skiing Stars

GARMISCH-PARTENKIRCHEN, Germany (AP) — Bold, brazen Jimmy Heuga of Tahoe City, Calif., has established himself as the crown prince of American skiing by adding a new twist to his training program.

Heuga, bronze medalist in the slalom at the Winter Olympics, whipped an international field that included the Innsbruck gold medalists and won the coveted combined trophy Sunday at the Kandahar meet, final blue ribbon Alpine event of the season.

The 20-year-old collegian admitted that he had trained hard. "I was in pretty good shape, after all that training," he said.

"All that training" was a which he and Starr Walton of twist party Friday night at Sacramento, Calif., proved themselves the twist champions of the international skiing set. Heuga then went out and proved his maneuverability again, this time on the ski slopes.

He rammed his lithe body down the giant slalom course, a 1¼-mile run dotted with 67 gates, in 3:02.53 Saturday for a second-place finish, then had enough twist left over to win the slalom event with two runs of 50.98 and 55.52 Sunday for a combined time of 1:46.50.

Heuga's climactic triumph followed a victory by Jean Saubert of Lakeview, Ore., in the ladies' special slalom with a time of 1:08.97 and pulled American prestige up another notch following an Olympic showing in which the men's team won its first medals ever.

UCLA, the No. 1 team in the nation and the only major unbeaten, is within one game of securing at least a tie for the Big Six championship, and another spot and seems assured of doing so. The Bruins rolled over Washington twice last week, 73-58 and 88-60, pushing their record to 21-0.

Michigan, No. 2 in the nation, leads the Big Ten at 8-1 and 17-2 over-all.

Kentucky is ranked third at 18-2, but shares the Southeastern Conference lead with Georgia Tech, each 8-2 in the league. No. 4 Davidson tops the Southern at 19-3 and 8-2; No. 5 Duke leads the Atlantic Coast at 17-3 and 10-0.

Vanderbilt lost twice over the week, 71-75 in overtime to Georgia Tech and 64-62 to Tennessee and dropped to a share of fourth in the SEC and appears in danger of losing its No. 7 national ranking.

Nagy Veteran Of 30 Years

Hall of Fame member Steve Nagy, who will appear in a special bowling exhibition scheduled for Saturday, Feb. 22, at 2 p.m. and 7 p.m. at the Holiday Bowl, is a veteran of over 30 years in tournament competition.

In his appearance here, the husky kegler will demonstrate a winning form that has earned him election to the Hall of Fame in 1963, two Bowler of the Year awards and a stack of national titles. In 1958, Nagy led the St. Louis Falstaffs to team championships in the ABC Tournament and the grueling BPAA national match game event. The feat was duplicated in 1961.

Nagy, a member of the Brunswick Advisory Staff, is at his best under match game pressure. He is most proud of his 1955 national match game victory that forced him first into a qualifying round roll-off, and then into a final "must" situation. He exploded with a 236 average to sweep the set and capture the title.

His performance in the 1952 ABC Tournament was equally spectacular. After winning a share of the doubles crown with Johnny Klares in a record 1,453 total, Nagy helped boost the Cleveland Radiats to the team all-events title and rolled himself into the individual all-events championship.

He has a five-year league average of 205, a top series of 831 and has rolled twenty-five 300 games, including one in the 1961 World's Invitational.

Michigan Golden Gloves Champions Are Crowned

GRAND RAPIDS (AP)—With battle bruises eased by the balm of ringside acclaim, Michigan's Golden Gloves amateur boxing champions returned to normal hometown pursuits today.

The state championships were hammered out here Saturday night in nearly six hours of boxing before more than 5,000 persons at Civic Auditorium.

Host Grand Rapids shared team honors with Lansing while Flint was runnerup, followed by Saginaw on the basis of points scored by boxers representing each center.

Eight open division winners get another whack at personal glory starting Feb. 24 in Louisville, Ky., where they represent Michigan in the national tournament of champions.

The 1964 open class team has one repeat champion, a returnee from tournaments of 1958 and 1960 and a former novice champ who won in his weight class this year among more experienced boxers.

Preston McCullough of Grand

Rapids repeated as 160-pound king with a semifinal decision over Arnold Sanchez of Saginaw and a decision in the finals over Flint's Sam Torn.

Maurice Burns of Flint, twice state flyweight champion, now rules the 118-pound division. He outpointed Steve Woronko of Grand Rapids in the semifinals and scored a first round TKO over Lansing's Jerry Carter for the title.

Robert Jenkins of Flint, state novice 112-pound champion in 1963, climbed to the top of that weight class in the open division this year by a semifinal decision over Saginaw's Frank Garcia in a championship round decision over Rudy Guerrero of Lansing.

The 126-pound open title went to Gordon Braley of Saginaw. He knocked out Willie Peterson of Grand Rapids in the second round of their semifinal match and outpointed Alfredo Saucedo of Lansing in the championship bout.

Lessius Walker of Flint claimed the 135-pound open title. He

took a decision from Francis Raomanik of Saginaw in the semifinals and won from Sidney Deans of Grand Rapids in the title match.

In claiming the 147-pound championship, Robert Tucker of Grand Rapids outpointed Vincent Kirkland of Flint and Richard Coughlin of Saginaw.

Lansing's James Hart scored a semifinal first round TKO over Walter Moore of Grand Rapids and knocked out Vern Zaucha of Saginaw in 1:43 of the first round in their title match for the 175-pound round.

Southpaw William Allen of Lansing took the state open heavyweight title with a decision over Wilbert Elbert of Flint.

The novice champions are Ed Brozewski, Saginaw, 112; Bill Gavaldon, Lansing, 118; Elmo Hudson, Lansing, 126; Jerry Wilder, Grand Rapids, 135; Theotis Burse, Flint, 147; Bob Waldie, Grand Rapids, 160; Joe Stalec, Grand Rapids, 175, and Charles Majewski, Lansing, heavyweight.

DEFLECTOR—The man in the mask is a deflector, who has just done his job. Ranger forward Val Fonteyne, 14, watches the puck, arrow, after it had been deflected from the net by Detroit Red Wings goalie Terry Sawchuck, in a game at New York's Madison Square Garden.

Death Of Hubbs Shocks Baseball

PROVO, Utah, (AP) — Shock and deep sorrow were still felt today over the death of Chicago Cubs infielder Ken Hubbs,

whose bright future was snuffed out forever in an airplane crash last week.

He was only 22, the National League's Rookie of the Year in 1962 when he set two major league fielding records at second base.

He was just getting started. "You don't have to worry about second base here for 10 years," he said with youthful confidence when he made the grade with the Cubs two years ago.

Last Thursday he took off from the airport at this central Utah community where his brother Keith had gone to school at Brigham Young University.

With him was Dennis Doyle, 23, an orphan who grew up in the Hubbs' home at Colton, Calif.

The wreckage of their plane, a single-engine Cessna 172 which Hubbs had bought a year ago, was found scattered in and

around a 10-foot hole in the ice on Utah Lake, five miles west of Provo, Saturday.

Their bodies were recovered by skindivers in 15 feet of water under the ice Sunday.

Funeral services for Doyle are scheduled Tuesday in Provo where his wife's parents live.

Funeral services for Hubbs will be at Colton Thursday. His Chicago Cub teammates will act as pallbearers. Hubbs' teammates on the Colton Little League championship team of 1954 will be honorary pallbearers.

Utah State Aeronautics Director Harlon Bement said the way the plane crashed, nose down at an angle of 70 or 80 degrees with the right wing hitting first, indicates that the plane had been in what he termed "a graveyard spiral" which can occur when a pilot loses sight of the horizons because of bad weather.

Hubbs got his pilot's license two weeks ago. He had logged 71 hours and 15 minutes flying time before this trip.

You, Too, Can

Break The Bankbook At Monte Carlo

MONTE CARLO, Monaco — (NEA) — You can tell when an American walks into the Monte Carlo Casino. He saunters casually around the roulette tables, giving the impression of making profound mental notes on the lay of probability.

Actually, he is trying grimly to figure out what the cashier has just handed him for his hard-earned travelers' checks. The colorful plastic chips burdening his pocket are in denominations of 2, 5, 10 francs and up — way up.

The American's trouble is that he isn't sure what a French franc is worth without the aid of that little money table his cousin gave him before he left Chicago. (A franc is equivalent to about 20 cents in U.S. currency.) He finally falls back on the old gambler's doctrine that money is merely a working device.

So he drops one working device on the board and watches it disappear.

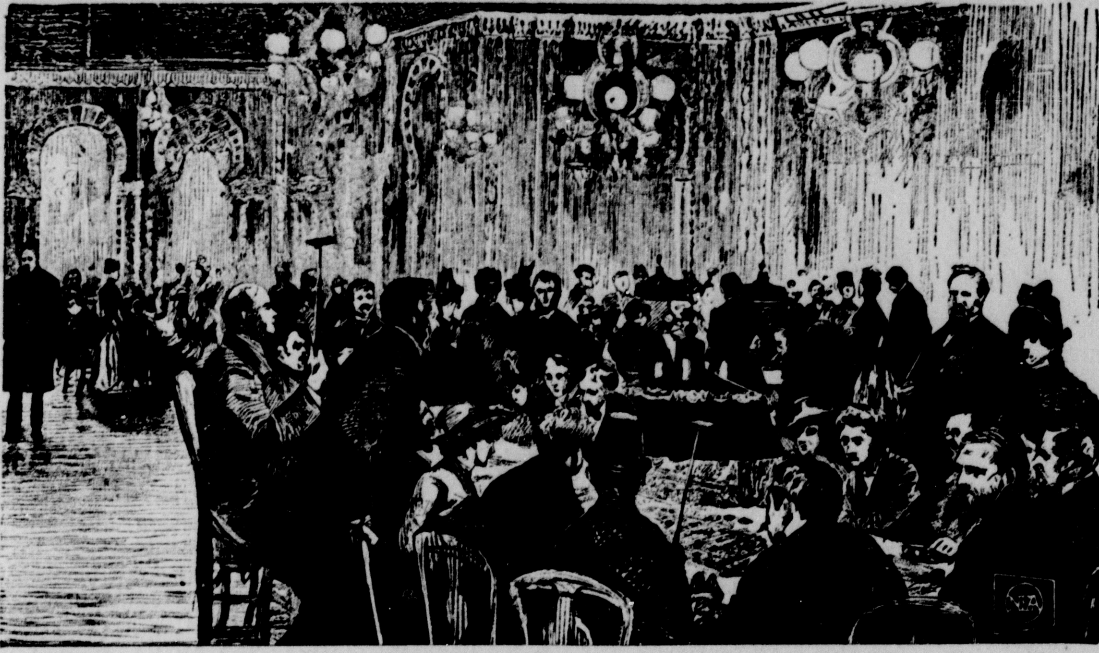

"You're doing it wrong, Charlie," he says to himself. "Gotta have a system." So he decides to bet steadily on the age of his oldest son, or today's date, or the last two digits of his zip code.

This, of course, is no system at all here in Monte Carlo or any other place. Yet this is the method that many seem to rely upon in this, the world's most celebrated gambling cathedral. It is this "system" that probably has done more than anything to upset the balance of payments with the United States and Grace Kelly's husband.

The trouble with the "system" lies in the odds: 36-to-1 against hitting your number. And the gent who is playing is the same one who would seldom go for an inside straight in a friendly poker game back home — where the odds are better than three times as good.

But for most vacationing bettors it really doesn't matter whether they win or lose. After all, nobody comes to Europe to save money. The roulette tables give a lot of action, and you can wager as little as the equivalent of 39 cents on each spin of the wheel. There are other compensations.

For sheer, old-world sumptuousness, the Monte Carlo Casino is without rival. The walls are encrusted with statues showing Dame Fortune after she bet her last toga on number 7. The murals on the ceiling

MONTE CARLO, CIRCA 1880: They still come from afar to follow the bouncing ball.

ing evoke suggestions of Playboy magazine's annual office picnic.

But few of the hard-core bettors take any notice of the architecture. They might as well be gambling inside a Quonset hut at the Turkish Air Force base.

In this group is numbered a sprinkling of professional gamblers. These include the "kitchen bettors," people of Spartan patience, content to make small gains consistently. They play the odds, and stand on their feet long hours. They work harder to avoid working for a living than any other men alive.

Then there are the little old ladies. They don't wager much, but they bet with the certainty of Sen. Harry Byrd making a courtesy vote for the other guy in an election.

These determined women come early to the tables and stay late. They choose to occupy their golden years by filling out long sheets of paper on which they keep track of successful numbers.

Menominee Police Veteran Dies

MENOMINEE (AP) — Capt. Anton Jensen, 54, a member of the Menominee Police Department for 30 years, died Sunday after being hospitalized with a heart attack Thursday. He served as chief of the department from 1942 to 1946 and since that time had been a captain in charge of investigations.

Ah, 13 hasn't hit for 108 spins! Now is the time to plunge! Sometimes they win, more often they lose. Despite

Bar Protesting Incorporation Ban On Professions

The State Bar of Michigan has filed with the Internal Revenue Service, Washington, strong objections to proposed new Treasury Department regulations which hold that corporate firms of doctors, lawyers and other professional people, cannot be considered corporations for tax deferral purposes.

By its action, the State Bar of Michigan has moved in the interests of some 100,000 professional people in the state, including 7,000 doctors of medicine and 9,500 lawyers who would be potentially affected by the controversial Treasury action. Michigan is one of 32 states that permit professional people to form corporations or associations that may qualify for tax treatment comparable to that of business corporations.

The State Bar sees the proposed Treasury regulation as discriminatory, pointing out that real estate brokers, advertising agencies and security agencies (all of them service organizations) are permitted incorporation and may enjoy the resulting benefits. The same privileges, it contends, should be available to professional people, including physicians and lawyers.

the smoothly working, long-range laws of chance, the odds remain 36-to-1 every time the ball clicks on its merry way around the platter.

The stick men, or croupiers, are craftsmen worth watching. There are three at each table, plus a head man behind the wheel. At a spin there may be 150 bets on the table, but they remember who in the crowd made each bet.

Payouts to several winners at a variety of odds are made with the oily smoothness of an IBM computer.

They work fast, because, more than anyone else in the world, they understand that time is money.

Your money, that is.

Lesinski Chided For Vote Against Civil Rights Bill

DEARBORN (AP)—The 16th District Democratic Organization has reprimanded Rep. John Lesinski for his vote against the Civil Rights Bill.

The group, often before critical of Lesinski, disclosed Friday its adoption of a resolution charging their fellow Democrat with "deserting his colleagues" and failure to support Democratic platform principles.

Lesinski, sole Michigan Democrat to vote against the bill, said he feared it grants excessive power to the attorney general and could affect business and labor adversely.

Editor Refuses Post In Cabinet Of Douglas-Home

LONDON (AP) — Iain Macleod, former joint leader of the Conservative party who refused to serve in the Cabinet of Prime Minister Douglas-Home, told parliamentary constituents Friday night he would refuse again, no matter how much distress it caused the government and party.

Macleod, 50, is running for Parliament again in this year's national election from Enfield West. He now is editor of the Weekly Spectator.

Army Helicopter Plunge Kills 3

HINESVILLE, Ga. (AP)—An Army helicopter crashed and burned at nearby Ft. Stewart Sunday, killing three occupants and injuring another.

An Army spokesman said the helicopter was firing machine guns on the base's Metz range when it crashed. The aircraft, which operated out of Ft. Benning, Ga., was attached to the 11th Air Assault Division.

Names of the victims were withheld pending notification of next of kin.

EXPLORER

Richard Burton was a famous 19th century British explorer whose work in Arabia was remarkable for its intensity, accuracy and comprehensiveness.

Union Warship Found In Yazoo

VICKSBURG, Miss. (AP) — Around one of the bends in the ancient Yazoo River near here a bobbing red buoy pops into view to mark a major find of Civil War history.

The buoy is anchored to the stern of a Union warship which sank intact Dec. 12, 1862, without loss of life to its 160-man crew.

Lt. Comdr. Thomas O. Selfridge of the Union Navy was carrying out an order to seek out and destroy Confederate mines in the river as part of the attack on Vicksburg, the Gibraltar of the Confederacy.

Two of the "infernal machines" blew holes in the 175-foot-long Cairo.

"The Cairo sank in about 12 minutes after the explosion, going totally out of sight except for the top of her chimney, in six fathoms of water," Selfridge reported.

"Her whole frame was so completely shattered that I found immediately that nothing more could be effected than to move the sick and the arms."

"I ordered the Queen of the West alongside and passed what articles I could get into her, with a portion of the crew, the remainder taking to boats," he said.

The Yankees then blew off the two tall smokestacks so the Rebels

could not locate the ship and use it or its firepower.

"It was with deep regret and melancholy that I felt obligated to return down the river," Selfridge reported.

The Cairo settled gently in the river — completely intact.

Records reveal the Cairo was one of seven steamers designed for use in the Civil War inland Navy. The Cairo was a 512-ton iron-clad which carried as firepower six 42-pounders, six 32-pounders, three 8-inch guns and one 12-pound howitzer.

The story of her return to the surface began Nov. 12, 1956.

Official maps and records conflicted. But three determined Vicksburg men — Edwin Bearss, Warren Grabau and Don Jacks — decided it was time to find the Cairo.

Bearss is official historian at the Vicksburg Military Park. Grabau was a park employee with a knowledge of the Yazoo River. Jacks had a boat.

After careful consideration of all available materials, the three marked a spot on a river where the ship should be resting.

Using a pocket compass, the men went upstream past the area where they thought the craft sank and began a slow descent downstream.

They believed the iron on the Cairo would cause a deviation on

Chronic complain-ers spoil the day for fellow employees.

the compass if they passed over the sunken ship. Gently they drifted downstream. Suddenly the needle swung around wildly.

The boat drifted a few yards downstream and the needle returned to normal. They went back upstream. Again the needle reacted violently.

After marking trees along the bank they raced to Vicksburg for a long pole. The anxious trio sped back to the marked spot and began probing. The pole struck iron.

The Cairo had been found.

After about three years interest in the raising of the craft as a tourist attract swept into official circles.

Now "Operation Cairo" is in fullswing and it is only a matter of time before the craft will be raised.

Prediction is that the Cairo may be floating down the Yazoo this spring for a permanent exhibition spot in historic Vicksburg.

It's a better buy
with a good car loan!

When you save money on a new car loan it makes any car buy a better deal. The next time you go new car shopping, ask your dealer to arrange a First National car loan. In this way you can choose your car, and arrange for the financing all at one stop, without delay or red tape. Best of all you will still get low bank rates on your loan — terms tailored to suit your needs, and you will be building bank credit at First National for the future.

Now is the time to buy that new car. Our Escanaba dealers have a good supply of new '64 models. Visit around and see what car appeals most to you. When you have decided to take the big step — just remember to ask your dealer to arrange for a First National loan!
